surprising turn What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its faculty advisor For the next seven years Mathews attended sorority and fraternity chapter meetings Greek Week competitions leadership retreats and mixers and formals She also counseled young men and women through mental health crises experiences of sexual violence and drug and alcohol abuse Combining her personal observations with ethnographic field analysis and research culled from the fields of sociology economics and cognitive psychology this thought provoking book examines how white Greek letter organizations

help reshape the conceptual boundaries of society's most foundational relationship categories including friend, romantic partner, and family. Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture, broker romantic relationships, transfer intimacy to straight same sex friends, and create fictive family units that hoard social and economic opportunity for their members. In their idealized form, sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways. In their most warped manifestations, however, these fictive familial bonds reinforce insularity, entrench privilege, and at times threaten physical safety.

Be a part of the ever-evolving conversation around gender and discover how to navigate gender diversity in today's families, communities, and workplaces in this updated edition that is an invaluable resource for both new and veteran allies. Library Journal starred review: Gender is now a global conversation and one that is constantly evolving. More people than ever before are openly living their lives as transgender men or women, and many transgender people are coming out as neither men nor women, instead living outside the binary. Gender is changing, and this change is gaining momentum. From the differences among gender identity, gender expression, and sex to the use of gender-neutral pronouns like singular they, to thinking about your own participation in gender. *Gender: Your Guide, 2nd Edition* serves as a complete primer to all things gender. Guided by professor and gender diversity advocate Lee Airton, PhD, learn how gender works in everyday life, how to use accurate terminology to refer to transgender, nonbinary, and/or gender-nonconforming individuals, and how to ask when you aren't sure what to do or say. It provides you with the information you need to talk confidently and compassionately about gender diversity, whether simply having a conversation or going to bat as an advocate. In this updated edition, Dr. Airton explores updated definitions of intersex, people, conversion therapy bans, transgender students in sports, online and social community discussions, updated pop culture references, and much more. Just like gender itself, being gender-friendly is a process for all of us. *Gender: Your Guide, 2nd Edition* invites everyone on board to make gender more flexible and less constricting, a source of more joy and less harm for everyone.

1) Stacey McEwan, 2023-03-23

Fantasía y romance en este primer volumen de una trilogía que ha sido fenomenalmente viral en TikTok. PERMANECE EN EL HIELO, MIRA HACIA EL ABISMO, EL FRÍO NO ESTÁ VIVO. En un lugar conocido como La Cornisa, una civilización está atrapada entre un gran abismo y una montaña escarpada. No hay forma de que nadie escape del parámetro helado sin caer en una trampa mortal. Sus habitantes no saben nada del mundo exterior, excepto que es donde residen los glaciares, criaturas místicas aladas que sobreviven a cambio de un sacrificio humano al año. Dawsyn Sabar, portadora del hacha y nico miembro que queda de su familia, hasta ahora ha evitado la matanza anual, pero su suerte ha acabado. Ella ha sido elegida, arrancada de su hogar helado, el nico mundo que conoce. Nadie sabe qué le sucederá al otro lado, y menos aún Dawsyn. Ser asesinada, esclavizada, o algo peor. Afortunadamente, los destinos se alinean, y Dawsyn logra escapar de sus garras con la ayuda de un híbrido de glaciar y humano llamado Ryon. Juntos viajan por las laderas sin saber si la vida al otro lado quizá sea
