Social Buzz Myth Retelling Novel:

Travel the Globe Desiree Webber, Dee Ann Corn, Elaine R. Harrod, Sandy Shropshire, Shereen Rasor, Donna Norvell, 2012-12-12 This book assists the busy professional with ready to use materials to present entertaining educational and age appropriate programs that introduce young learners to countries and cultures around the world. The result of a collaboration of children's librarians and educators with over 70 years combined experience *Travel the Globe Story Times Activities and Crafts for Children Second Edition* offers the busy librarian, teacher or media specialist with ready to use resources that introduce children to countries and cultures around the world. It provides recommended books, stories, action rhymes, fingerplays, games and activities that can be used to plan a series of programs or a single activity that are both entertaining and educational. The book is organized alphabetically by country with simple, low cost craft ideas included in each chapter. All crafts use low cost supplies and are simple to prepare and execute. At least two craft projects are included in each chapter, one for preschoolers with suggestions for additional simplification and another designed for children in kindergarten through third grade. The wide variety of resources within makes this book a valuable investment as it will be useful year after year with new presentations and activities.

Into the Closet Victoria Flanagan, 2013-08-21 *Into the Closet* examines the representation of cross dressing in a wide variety of children's fiction, ranging from picture books and junior fiction to teen films and novels for young adults. It provides a comprehensive analysis of the different types of cross dressing found in children's narratives, raising a number of significant issues relating to the ideological construction of masculinity and femininity in books for younger readers. Many literary and cultural critics have studied the cultural significance of adult cross dressing, yet although cross dressing representations are plentiful in children's literature and film, very little critical attention has been paid to this subject to date. *Into the Closet* fills this critical gap. Cross dressing demonstrates how gender is symbolically constructed through various items of clothing and apparel. It also has the ability to deconstruct notions of problematizing the relationship between sex and gender. *Into the Closet* is an important book for academics, teachers and parents because it demonstrates how cross dressing, rather than being taboo, is frequently used in children's literature and film as a strategy to educate or enculturate children about gender.

Children's Literature: Smad-Zwer, index Jack Zipes, 2006 For much of its history children's literature has been overlooked or looked down on by scholars. But in recent years children's literature has assumed greater importance as literary critics, psychologists, anthropologists and historians have begun to discover what children and parents have known for centuries: that this is a literature of extraordinary richness, depth and delight. The Encyclopedia captures and elucidates this richness in four volumes and 3,200 signed entries. It offers comprehensive coverage of children's literature from medieval chapbooks of moral instruction for children to J.K. Rowling's immensely popular Harry Potter books. Unlike other references, the Encyclopedia not only documents but also interprets every work, major and minor, that has played a role in the history of children's literature in the world. General essays illuminate prominent trends, themes, genres and the traditions of children's literature in many countries. In addition, the Encyclopedia provides biographies of important writers as well as extensive coverage of illustrators with numerous examples of their work. Sociocultural developments such as the impact of toys, films, animation, the Internet, literacy, libraries and librarians, censorship, the multicultural expansion of the field and other issues related to the appreciation and dissemination of children's literature are also addressed. While the Encyclopedia concentrates on the tradition known best by its readership, it also covers the international development of children's literature and offers an unprecedented treatment of works from Australia, Canada, New Zealand, India, Pakistan, African countries and other nations. Its over 800 distinguished contributors come from around the world and include such renowned scholars and writers as Gillian Avery, Peter Hunt, Klaus Doderer, Hansa Ewers, Jean Perrot, Denise Escarpit, Brian Alderson and Betsy Gould. Hearne. A-Z organization, accessible writing, plentiful illustrations, cross references, bibliographies, a comprehensive index and a systematic outline make the Encyclopedia an invaluable and easy to use research reference.
