In devising the system the main objectives were 1 to enable a wide variety of data formats to be accepted without recoding 2 to allow gross errors to be removed automatically from the data 3 to provide a considerable variety of arithmetic operations and leave the user free to choose the order in which they are applied and 4 to allow further processes to be incorporated into the system. The present User's Guide provides the information needed by the user in operating the system. More complete details including flow diagrams of the programs are given in a longer work entitled Manual of the BOMM System of Programs for the Reduction of Time Series. **The**
