Changers Two Oryon:

Changers Book Two T Cooper, Allison Glock-Cooper, 2015-04-07 In Book Two of the Changers Series our protagonist undergoes a second transformation returning to a male body **Forever** T. Cooper, Allison Glock-Cooper, 2018-09-04 In this series finale the suspense is high the plot is irresistible fast paced and wonderfully forcefully loud about privilege Kirkus Reviews When we left Kim Cruz in Changers Book Three she'd just come out to her best friend In Changers Book Four Forever Kim discovers that this is only one small part of understanding who she is and where she belongs Soon enough she changes again into the body and social status of her dreams What she does with her newfound power will come to haunt her In this bang up ending to the series our hero learns what it means to be the person everybody loves without actually being known at all what it's like to be given the benefit of the doubt when you don't deserve it and how easily opportunity comes when you look the part Books YA Love Changers Book Four explores what it means to find yourself even as your self keeps changing and how in the end we become the person whose story we want to finish Praise for the Changers series Changers should appeal to a broad demographic Teenagers after all are the world's leading experts on trying on and then promptly discarding new identities The New York Times Book Review Something unique and exciting I would highly recommend Changers to anyone looking for something a little different to read as well as to anyone who is interested in a really cool discussion about gender and sexuality The Guardian *Changers* T. Cooper, Allison Glock, 2015 *Drew* T. Cooper, Allison Glock-Cooper, 2014-01-13 First in the imaginative series a moving story about gender identity friendship bravery rebellion vs conformity and thinking outside the box School Library Journal Changers Book One Drew opens on the eve of Ethan Miller's freshman year of high school in a brand new town He's finally sporting a haircut he doesn't hate has grown two inches since middle school and can't wait to try out for the soccer team At last everything is looking up in life Until the next morning When Ethan awakens as a girl Ethan is a Changer a little known ancient race of humans who live out each of their four years of high school as a different person After graduation Changers choose which version of themselves they will be forever and no they cannot go back to who they were before the changes began Ethan must now live as Drew Bohner a petite blonde with an unfortunate last name and navigate the treacherous waters of freshman year while also following the rules Never tell anyone what you are Never disobey the Changers Council And never ever fall in love with another Changer Oh and Drew also has to battle a creepy underground syndicate called Abiders as well as the sadistic school queen bee And she can't even confide in her best friend who can never know the real her without risking both of their lives Winner of the 2015 Westchester Fiction Award A New York Public Library Summer Reading Pick A thought provoking exploration of identity gender and sexuality an excellent read for any teens questioning their sense of self Publishers Weekly starred review **Emerging as Affirmative Pastoral Caregivers Beyond Gender Binaries** Craig A. Rubano, 2023-11-13 Emerging as Affirmative Pastoral Caregivers Beyond Gender Binaries Gender Creative Promise uniquely brings a gender diverse theological imagination to the

field of pastoral theology supplemented by deploying a gender creative interpretative lens on scripture The reader is introduced to an array of persons diverse in their gender variance four continua of gender sex identity expression attraction a gender affirmative psychotherapeutic model as a template for the field of pastoral theology common resilience strategies that transgender persons employ in the face of cultural oppression and aspersion benefits derived from religious affiliation that can enhance resilience and scripturally based principles for delivering affirmative pastoral caregiving beyond gender binaries The author encourages readers to look within and wrestle with the complexities of their own gendered selves while journeying alongside him to emerge as pastoral change makers in their places of teaching ministry and caregiving **Kim T. Cooper**,Allison Glock-Cooper,2016-11-01 This strong entry in the series is a good choice for readers looking for books about friendship identity and LGBTQ issues School Library Journal When we last saw Oryon Small he was kidnapped and locked in a basement his best friend Chase dying in his arms In Book Three of the groundbreaking Changers series Oryon awakens as Kim Cruz an Asian American girl whose body looks nothing like she expected or desired Where Changers Book One Drew dealt primarily with issues of gender and bias and Changers Book Two Oryon explored issues concerning race and bigotry Changers Book Three Kim tackles the thorny less straightforward subjects of body shaming self esteem grief mental illness and how the expectations of the outside world can t help but color the way we see ourselves Kim smart funny and finally fed up with the cards she s been dealt is finding out that friends change love doesn t always mean forever and growing up means living your truth even if it isn t pretty Kim s voice and the banter between characters are funny and they feel real The identity and marginalization issues loom large but instead of being shoehorned into side characters they re scooped up and taken into a deeper entertaining fantastic narrative Kirkus Reviews **Oryon T. Cooper**,Allison Glock-Cooper,2015-03-16 An excellent sequel This installment raises the stakes making the story not just about physical and emotional transformation but about survival School Library Journal Changers Book Two Oryon in the four part Changers Series for young adults finds our hero Ethan Drew on the eve of her second metamorphosis into Oryon a skinny African American skater boy with more swagger than he knows what to do with Enter a mess of trouble from the Changers Council the closed minded Abiders the Radical Changers RaChas and his best friend Audrey at least she was his best friend when Oryon was Drew and now it s complicated But that s life and life and life and life for Changers an ancient race of humans who must live out each year of high school as a completely different person Before next summer Oryon will learn what it means to be truly loved scared spitless and at the center of a burgeoning national culture war Most of all he will learn again how much the eyes of the world try to shape you into what they see and how only when you resist do you clearly begin to see yourself This completely unique perspective of someone experiencing life as part of a less privileged group of people makes this book pretty special good fun to read The Guardian Oryon s humor and insight will keep readers turning pages Kirkus Reviews A fun yet thought provoking young adult story Dealing with themes of difference loyalty resisting authority and finding one s true self this book is a fun and easy read
