Personnel Development Seminars, 2003 *International Executive Development Programmes* Roderick Millar, 2003. Annual guide to educational institutions and business centers offering executive and management education worldwide. Relevant for executives seeking international business education exposure. Index of specialties ranging from accounting, strategy planning, and change management through conflict management, corporate finance, and strategy to global management, leadership, logistics, project management, and recruitment and team building, listing which schools offer them. This is the only genuinely international directory to senior management education. There are clearly a large number of US directories to North American MBA courses, and other countries produce similar publications. However, information on shorter courses as covered by this Guide are rare. Now in its seventh edition, this directory to worldwide courses for middle and senior management has been extensively revised and is linked to a dedicated website. The directory is backed up by a series of articles from leading business schools, management academics, and executives from leading companies. These articles focus on different aspects and approaches to executive education.
