Hardcover Self Help Mindset:

Riding the Depression Wave Shelly Miller,2021-09-14 This book tells the story of one woman's journey deep into the darkness of mental illness and then back into the light. Thanks to the help she received from various professional supports programs and community resources she gained both the skills and confidence to adopt and refine a number of healing strategies. With these she was able to re-examine beliefs and tendencies that likely contributed to her fall into depression and anxiety. Discover things she could do to address those issues and eventually work towards creating a healthier path for herself moving forward. This is a story many of us will recognize: the sudden descent from being a functioning member of society to feeling lost, a captive to mental and emotional reactions seemingly outside of our control. Many of us experience it ourselves at some point in our lives and if we don't someone we love almost certainly will. And not all of us find our way back. This author managed to do with lots of help and perseverance and now she wants to help you to find your way back too one small step at a time.

Translating and Interpreting in Korean Contexts Ji-Hae Kang, Judy Wakabayashi, 2019-04-03 The focus of this volume is on how the people of the Korean Peninsula have historically been an important part of the Sinocentric world in East Asia and today a vital economic and strategic site. They have negotiated oral and written interactions with their Asian neighbors and Europeans in the past and present through the mediation of translators and interpreters. These encounters have been shaped by political, social and cultural factors including the shared use of the Chinese writing system in East Asia for many centuries. Attitudes toward other Asians and Westerners and perceptions of Korean identity in relation to these 'Others'. After exploring aspects of historical interactions, the volume addresses how the role and practice of translation and interpreting have recently evolved as a result of the development of digital technology, an increase in the number of immigrants and changes in political and cultural dynamics in the region. It covers a range of historical and contemporary aspects, genres and venues that extend beyond the common yet restrictive focus on literary translation and includes discussions of translator training and academic studies of translation and interpreting in Korea.

How To Find the Right Literary Agent or Publisher and Why it is Important to Avoid Subsidy Publishers. *Chick Lit* Rocío Montoro, 2012-04-26 In recent times Chick Lit has risen to a certain level of prominence. This is the first book length study that looks into the distinctive features of this much discussed genre. Chick Lit is examined in relation to its linguistic

peculiarities and their role as far as narrative sociological and feminist issues are concerned amongst others Montoro's stylistics includes a cognitive slant that highlights further readerly aspects of the texts. The approach illuminates how the genre works and how it is set apart from others. In this respect the stylistics of chick lit is understood in its context of production and reception. Montoro evaluates reading processes and investigates readers' responsive attitude to the genre. This interdisciplinary work explores the boundaries of the stylistics of chick lit and works reflectively looking at how exploring this genre can help the twofold aim of testing existing models of linguistic and cognitive analysis. It will be essential reading for those interested in cutting edge stylistics.

Grit Martin Meadows, 2015-03-25 Tempted to Give Up? Here's How to Keep Going. If you browse through the interviews with some of the most successful people on Earth you'll find one common piece of advice shared by virtually all of them. They never give up on their big goals. Research shows that grit is a better predictor for success than any other factor. The ability to keep going despite setbacks is more important than your IQ, character or other external factors like your upbringing or surroundings. But what does it really mean to never give up? What exactly is grit? How do you persevere when faced with larger-than-life difficulties? How do you keep going when you're at the brink of exhaustion and all your hard work hasn't been rewarded yet? I wrote this book to explore the subject of persistence from a more scientific point of view than clichéd self-help sayings. I want to share with you how exactly to stick to your goals according to peak performers and science, not vague motivational advice that assumes we have unlimited strength once we're motivated enough. Here are just a couple of things you will learn from the book: A crucial piece of advice you can learn from the first people who reached the South Pole. If you make the wrong choice you'll burn out guaranteed. What famous American comic Jerry Seinfeld did in his early days of career to keep going. It's a simple trick that provides huge results. What a study on top musicians, athletes, actors and chess players can teach you about achieving results and persistence. The elite performers practice much fewer hours than you believe. Five of the most common ways you lead yourself to self-sabotage. Usually you're not even aware of how many of your efforts go for naught simply because of the five things I discuss in this book. According to studies this one trait is strongly associated with grit and persistence. Learn what it is and how to develop it in five different ways. Five focusing questions to keep going. Asking yourself these questions will help you boost your motivation when you're at the brink of giving up. How listening to others whining makes a part of your brain shrink and affects your ability to persevere when faced with setbacks. Six bestselling authors and bloggers share their best techniques on how to keep going when you want to give up. Stephen Guise, author of *Mini Habits: Smaller Habits, Bigger Results*; Joel Runyon, blogger at ImpossibleHQ.com; Serena Star, Leonard, bestselling author of *How to Retire in 12 Months: Turning Passion into Profit*; Derek Doepker, bestselling author of *Why You're Stuck*; Michal Stawicki, bestselling author of *Trickle Down Mindset: The Missing Element In Your Personal Success*; and Hung Pham, bestselling author of *Break Through: 12 Powerful Steps to Destroy Your Mental Barriers and Achieve Success*.
