For aerofiche publications:

Draw a line through any aerofiche frame (page) affected by the Temporary Revision with a permanent red ink marker. This will be a visual identifier that the information in the frame (page) is no longer valid and the Temporary Revision should be referenced. For 'Added' pages in a Temporary Revision, draw a vertical line between the applicable frames wide enough to show on the edges of the pages. Temporary Revisions should be collected and maintained in a notebook near the aerofiche library for quick reference.
