**J.F.K. COLD WAR ASSASSINATION** Marc Birnbaum, 2025-08-28 This book explores John Fitzgerald Kennedy during the Cold War and his much too brief Presidency Decades after the assassination as the public largely disbelieved many of the conclusions of the Warren Commission Congress passed the President John F Kennedy Assassination Records Collection Act of 1992 directing the assembly and release of secret files from the National Archives and Records Administration no later than twenty five years after enactment or October 26 2017 As some of these documents became publicly available my interest was drawn as I began to recall my emotions at the time of the assassination One particular document was written on November 24 1963 by J Edgar Hoover the Director of the FBI two days after the assassination It was a two page memo to file written within a few hours of Lee Harvey Oswald being shot by Jack Ruby in the garage of the Dallas Police Department and a week before the establishment of the Warren Commission Referring to the investigation that would come Hoover dictated The thing I am concerned about is having something issued so we can convince the public that Oswald is the real assassin This tells us how before the Warren Commission was announced the Director of the FBI was not interested in the truth but rather to convince America and the world of a narrative allowing a cover up of critical facts Looking at some of that history the writing began and I wanted to know more about the world realities of the Cold War and JFK s experiences and contributions with three terms in the House of Representatives from 1947 to 1953 United States Senator from 1953 to 1960 and President from 1961 to 1963 The book explores JFK and his contributions and confrontations through the Cold War the defeat of Richard Nixon for President the space race the Bay of Pigs summit meeting with Khrushchev in Vienna the Berlin Wall construction the Cuban Missile Crisis Nuclear Test Ban Treaty and the reassessment of Vietnam The loss of John Fitzgerald Kennedy is a loss to history and what could have been We can only imagine *Encyclopedia of Cold War Espionage, Spies, and Secret Operations* R. **Cold War on Five Continents** Alfred W. McCoy,2026-01-06 A provocative analysis of the deadly Cold War conflicts that devastated countries and communities far from Moscow and Washington Transforming battlegrounds in Africa Asia and Latin America into veritable hellscape the surrogate wars of the Cold War era left behind a legacy of collective trauma and social conflict that have persisted into the present In this ambitious work Alfred W McCoy uses a bottom up outside in approach to offer an unexpected new perspective on the longest most consequential conflict in modern history McCoy renders an intimate portrait of both embattled covert operatives and committed antiwar protesters thus humanizing the history of the Cold War a history that has too often been told in impersonal terms of economic growth nuclear arsenals or diplomatic ententes As today s great powers devote humanity s scarce resources toward ratcheting up a new cold war in the face of a worsening climate crisis McCoy s history is an important reminder that otherwise ordinary individuals once helped end a global conflict that threatened nuclear holocaust
