Having an understanding of trauma and knowledge of healing exercises is the foundation to healing trauma. In 2000, Gerald started to develop the book. With 16 years of research on trauma, post-traumatic stress disorder, and healing exercises and facilitating over 300 workshops throughout Canada, Gerald has developed this trauma healing guide that provides a clear and basic understanding of how trauma impacts the mind and body, a understanding of post-traumatic stress disorder and healing exercises to eliminate the stress from the traumatic event. Journal writing exercises are also included. The Trauma Healing Guide is a valuable resource for trauma survivors, community workers, caregivers, foster parents, military personnel, and veterans.

*Voices From the Wreckage: Young Adult Voices in the #MeToo Movement* Kimberly Karshner, 2023-04-18. *Voices From the Wreckage: Young Adult Voices in the MeToo Movement* is an edited collection by Kimberly Greenfield Karshner, Lorain County Community College. This collection focuses on situating young adult voices in the MeToo movement and into American culture and identity. Children's and young adult literature is an area of study that has rapidly evolved in the past ten years, bringing previously silenced voices to light. This is especially true for YA LGBTQ voices and also for young narrators who are not only discovering, celebrating, and coming to terms with their identities but also dealing with assaults on their identities. This collection will build on what writers like Laurie R. King have begun first with her groundbreaking book on sexual assault, *Speak*, published in 1999, and more currently her follow-up book *Shout* (2019). These authors continue what Anderson started exploring: texts from the perspectives of YA male and female voices, Native American and international perspectives, and LGBTQ character representation. Chapters investigate various literary forms such as graphic novels, memoirs, and novels, and cover topics such as sexual desire, consent, trauma, and survivorship. The literature featured in this volume will assure young people that they can tell their stories and that they will be heard. *Voices From the Wreckage* will be a valuable tool for anyone who teaches Young Adult Literature or for those who are avid readers and fans of the genre. The authors in this collection are starting and continuing very important conversations on the topic of sexual abuse and trauma, a conversation necessary for the intended audiences of these books and for adult readers and teachers who are facilitating the emotions connected to these topics.

[Subject Guide to Books in Print](#), 2001. *In an Unspoken Voice* Peter A. Levine, Ph.D., 2012-10-30. *Unraveling trauma in the body, brain, and mind: a revolution in treatment*. Now in 17 languages. In this culmination of his life's work, Peter A. Levine draws on his broad experience as a clinician, a student of comparative brain research, a stress scientist, and a keen observer of the naturalistic animal world to explain the nature and transformation of trauma in the body, brain, and psyche. *In an Unspoken Voice* is based on the idea that trauma is neither a disease nor a disorder but rather an injury caused by fright, helplessness, and loss that can be healed by engaging our innate capacity to self-regulate high states of arousal and intense emotions. Enriched with a coherent theoretical framework and compelling

case examples the book elegantly blends the latest findings in biology neuroscience and body oriented psychotherapy to show that when we bring together animal instinct and reason we can become more whole human beings
