

UPDATE ON OPT STEM EXTENSION RULE

In March 2008, the Department of Homeland Security (DHS) amended F-1 nonimmigrant student regulations on OPT for certain students with STEM degrees. The new rule, which provides for an extension of the OPT period by 24 months (a STEM OPT extension), will go into effect on May 10, 2008. Interested F-1 students must apply for and receive an Employment Authorization Document (EAD) from U.S. Citizenship and Immigration Services (USCIS). Please speak with an international student advisor if you want more guidance on this process by contacting our main office at (541) 737-6210 or emailing os_students@oregonstate.edu.

Are you Eligible for the STEM OPT Extension?

DHS grants STEM OPT extensions to eligible F-1 students once per degree level, and now allows eligible students to participate in the STEM OPT extension twice over the course of their academic career. To participate twice in the STEM OPT extension, a student must earn a second qualifying degree at a higher education level, and be participating in an initial period of OPT at the time they apply to USCIS for their second STEM OPT extension. Students may not apply for STEM OPT extension during the 60-day grace period following an initial 12-month period of post-completion OPT.

Degree

To qualify for the STEM OPT extension, an F-1 student must currently be working in a period of post-completion OPT and must hold a bachelor's degree or higher in an [eligible STEM field](#) from an SEVP-certified school that is accredited at the time the student submits their STEM OPT extension application to USCIS.

Employer

In order to receive the STEM OPT extension, a student must pursue their practical training through an employer that is enrolled at USCIS' [E-Verify](#) employment eligibility verification program.

Application Process for STEM OPT

Eligible students should begin their application process by talking with an International Student Advisor (ISA) and submitting the STEM OPT extension request form. After reviewing attending a [mandatory STEM OPT Online](#) appointment with an ISA, there are three steps to this process.

STEP 1-STEM OPT Extension Application

This step will collect information pertaining to your requested STEM OPT extension. Please complete the STEM [OPT Extension Form](#) in its entirety and submit it to OIS.

STEP 2- Form I-983

The 2008 final rule that reinstates the 24-month STEM OPT regulations increases the educational benefits that F-1 students receive from their practical training experiences by requiring the submission of a formal training plan. The formal training plan must clearly articulate the STEM OPT student's learning objectives and affirm the employer's commitment to helping the student achieve those objectives. To fulfill this requirement, a student and their employer must complete and sign [Form I-983](#) and submit it to the student's DSO. Applicants will download and complete Form I-983. Please visit the link below to view the Form I-983 tutorial, which provides step-by-step guidance for completing the form. <http://studentresources.dhs.gov/usa/STEM-opt-hub/signy.html>
