Favorites Samer Hoz, Asmaa H. AL-Sharee, Mustafa Ismail, Ali A. Dolachee, Osman Elamin, Oday Atallah, Maliya Delawan, 2024-10-07 The Neuroradiology Board's Favorites is a case based review book focused on the imaging of pathology proven lesions related to the central nervous system. The mission of this book is to help readers revise the core concepts and maintain knowledge of neuroradiology from radiology, neurology, and neurosurgical perspectives. This study companion features a unique design and is structured in two sections totalling 15 chapters. It includes 100 clinical scenarios and imaging supplemented by more than 170 multiple choice questions in a convenient format suitable for self study. The questions are attached to each case scenario in a style that mirrors the format adopted by the majority of local, regional, and international board examinations. The answers and explanations appear immediately below the questions to enhance readability. The content of this book is an adjunct to existing texts and does not intend to be the primary source of information; it aims to help readers identify their relevant strengths and weaknesses in the area and is based on the most up to date best practice evidence. This book is targeted at students of radiology, neurology, neurosurgery, and neurosciences. In addition, it can be beneficial for residents, fellows, and young attendings to prepare for exams or practice.
