Melanin Is Worth More Than Gold Nnamdi Azikiwe, 2020-05-16 Who would have thought preparations for a March 2014 Sacred Libation Ceremony honoring one hundred forty eight African American women lynched in America would result in the observation melanin is worth more than gold Dr Frances Cress Welsing first told us the chemical melanin is produced through a process known as melanogenesis upon introduction of the chemical tyrosine to the enzyme tyrosinase Melanin is found in such diverse places as bird feathers animal fur reptile scales microorganisms cephalopod ink mushrooms and even fossils Additionally melanin is found in the hair skin and eyes of people Melanin is subjected to intense scientific scrutiny Nevertheless the highly educated people studying it had no idea melanin is worth more than gold In June 2014 a post to the Keyamsha the Awakening blog openly declared melanin was worth 353 a gram and 300 a gram more than gold Shortly afterwards hoaxers began bombarding the blog with comments claiming melanin thieves were harvesting melanin from Black people The hoax was easily falsified The hoaxers made certain to never mention the company selling melanin extracted from the ink of *sepia officinalis* the common cuttlefish During the intervening years the melanin thieves hoaxers persisted in their efforts In March 2017 the melanin thieves hoaxers launched a Melanin Twitter bomb involving the dollar value of melanin after publicity of black women and girls missing in Washington D C was released Their actions exposed a frailty in their psyche They also reveal it is possible to wipe out false information involving melanin and take the melanin challenged inferiority complex aka racism white supremacy along for the ride It then became clear the time had come to enter the fray and dispel the myths about melanin This book completely obliterates the false narrative of melanin Perceiving facts from a melanin centered perspective bestows upon us an expanded awareness of the world and our place in it It helps provide the average person a means to immerse themselves in melaninology and emerge a melaninologist Essentially we get to know ourselves To date no other path for the public to independently verify or falsify outlandish claims regarding melanin being worth more than gold on their own without any guru to guide them have been made available At this writing melanin is worth over 395 a gram more than gold In ancient Kemet misnomered Egypt such words were known as hekau or words of power with the ability to heal For nearly one hundred years since August 13 1920 melanin put the B in R B G and the Black in Red Black and Green as the flag of Africans at home and abroad Those are hekau also Our Blood Our Melanin and Africa unites us More hekau The Afro official currency of the United States of Africa also known as the African Union is worth 2 22 We are

swathed in hekau to such an extent Mchakato Wa Upanyaji Swahili for the process of healing has begun All of which indicates we are living in a new era the era when all the generations of man can be called blessed on a planet that works for everyone This era demands we convene the Ubuntu Convention That plebiscite sets the stage for drafting the Ubuntu Declaration In emulating the success of the August 1920 Universal Negro Improvement Association convention we deliberately create the world where we intend to live The revival of the U N I A with 12 million dues paying card carrying members positions the organization to have a treasury flush with over 400 million liquid All of which represents a quantum shift in awareness perception and power underway as you read this Through our own actions we bring about the total complete and absolute Redemption of Africa for all time

Music, Sound and Identity in Video Games Lidia López Gómez, 2025-08-01 This book offers a comprehensive overview of how video game sound and music represent cultures spaces and personal identifications Focusing on the concept of identity the volume brings together issues as diverse as belonging to an ethnic or cultural group identifying with certain sexualities or being able to deduce the historical or geographical context of a game This volume explores whether the musical and sound identities linked to video games are based on clichés and stereotyped arrangements that span cultures and times It includes case studies that analyse the mechanisms used by game producers composers and sound designers to characterise and represent different identities to broad audiences of potential players as well as how the players perceive these sonic inputs The book is organized into three main sections covering topics as the representation of historical periods musical stereotypes of cultures from different geographic locations representations of identity in fictional spaces and sonic depictions gender

The Politics of Social Media Manipulation Richard Rogers, Sabine Niederer, 2025-10-01 Disinformation and so called fake news are contemporary phenomena with rich histories Disinformation or the willful introduction of false information for the purposes of causing harm recalls infamous foreign interference operations in national media systems Outcries over fake news or dubious stories with the trappings of news have coincided with the introduction of new media technologies that disrupt the publication distribution and consumption of news from the so called rumour mongering broadsheets centuries ago to the blogosphere recently Designating a news organization as fake or der L genpresse has a darker history associated with authoritarian regimes or populist bombast diminishing the reputation of elite media and the value of inconvenient truths In a series of empirical studies using digital methods and data journalism the authors inquire into the extent to which social media have enabled the penetration of foreign disinformation operations the widespread publication and spread of dubious content as well as extreme commentators with considerable followings attacking mainstream media as fake

Getting Real About Inequality Cherise A. Harris, Stephanie M. McClure, 2022-01-07 Getting Real About Inequality is a contributed reader for undergraduate courses in Race Class Gender Social Inequality or the Social Construction of Difference and Inequality It gives instructors in these courses a set of materials to help them moderate civil productive and social science based discussions

with their students about social statuses and identities Like the book it is modeled after *Getting Real About Race* it is organized around myths and stereotypes that students might already believe or be familiar with through the media or popular culture A panel of expert contributors were enlisted to write short accessible essays address the same questions What is the myth or stereotype under investigation How do we know that the myth or stereotype is widespread What does the empirical data tell us and provide the same pedagogical features a summary of the research data discussion questions suggestions for further study suggested activities and assignments All of pieces in the book employ an intersectional perspective to help students see the nuanced mechanisms of power and inequality that are often lost in everyday discourse

Disney Parks and the Construction of American Identity Jennifer A. Kokai, Tom Robson, 2024-08-26 Writing in a time of heightened political anxiety and when accusations of nationalism authoritarianism and proto fascism have increasingly divided Americans into factions the authors use their influential performance studies based tourist as actor framework to unpack the ways that Disney parks and their guests co create performance of implicit Americanness in the 21st century This book argues that the roles that guests choose to perform accepting declining negotiating or overwriting scripts offered to them by the Disney theme park experience ultimately reveals much about the nature of the contemporary United States Focusing primarily on Walt Disney World in Florida and using case studies on music geography and ecology sports families and politics these chapters illuminate the always complicated and often contradictory presentations and performances of America within Disney parks in the deeply contested twenty first century
