Spanish Cooking - 25 Spanish Recipes to Discover Martha Stephenson,2016-06-03 For a long time the paella alone represented the Spanish gastronomy Not without a reason it was the favorite dish of Franco and all the restaurants in Madrid used to prepare it on Thursday which was the day for the dictator to come and meet his people and have lunch in one of the many restaurants of the city It was only in the late 70s with the development of the tourism in the Costa del Sol and other parts of Spain that the world discovered a wide and diverse Spanish gastronomy The Spanish cooking

proceeds essentially from the Mediterranean diet and the diversity of regions make it today a varied and renowned cuisine. But the Spanish cuisine has been influenced by its numerous discoveries during the various conquests in Latin America, Asia and Africa. As a result, various spices and new foods like tomatoes, potatoes, and vanilla were imported to the country. But also because of its troubled past of long occupations of the country by Phoenicians, Greeks, Romans, and especially the Moor, Spain adopted elements of different cuisines. Each time, each of these civilizations left their marks on Spanish gastronomy. So, get this Spanish cookbook to your kitchen and make some fantastic and traditional Spanish recipes which will delight everyone. It will help you discover another side of Spain with its healthy and Mediterranean diet by creating some Tapas, typical Spanish dishes that are presented in small quantities and great for family gatherings and parties. You may choose to make the world famous Paella with all the flavor and aroma of Spain in your kitchen.
