**Building Bridges between Cultures in Ian McDonald's Science Fiction** Jerome Winter, 2025-09-18 This book is a career long retrospective of the Irish writer Ian McDonald and his complex compelling representation of our contemporary global condition. Ian McDonald is a celebrated writer within the science fiction community whose rich and urgent body of works span over a quarter of a century. The author claims McDonald's work functions as vital troubling allegories which both refuse the Orientalist euphemizing of colonial atrocities while still at the same time envisioning a transformative global alterity seeking an ethical and political embrace of systematically silenced subaltern voices in the neoliberal world system. The book follows McDonald as the globe trotting writer travels from Ireland to Kenya to India to Brazil to Turkey to a proliferating multiverse and beyond. Along the way the author analyzes McDonald's science fiction as a salient contribution to the flourishing cosmopolitan literature of postcolonial developing nations at the crossroads of the global imaginary. **The**
