Entrepreneurship Roadmap Framework:

Patterns of Entrepreneurship Management Jack M. Kaplan, Anthony C. Warren, 2009-08-24 This third edition prepares entrepreneurs for the rewards and pitfalls of this career choice. It explores a new theme on how to effectively manage a start up company. Focus on Real Entrepreneurs sections highlight how entrepreneurs position their companies to meet the various marketing, financial and technological challenges. Management Track sections present key management issues while following the development of a real company. Entrepreneurs will also find real situations and examples on which they can practice the broad range of skills required to start and build a company in today's complex world.

The Open Group Architecture Framework TOGAF Version 9 The Open Group, 2015-01-01 The Open Group Architecture Framework TOGAF is a framework, a detailed method and a set of supporting tools for developing an enterprise architecture developed by members of The Open Group Architecture Forum www.opengroup.org/architecture. As a comprehensive open method for enterprise architecture, TOGAF Version 9 complements and can be used in conjunction with other frameworks that are more focused on specific aspects of architecture or for vertical sectors such as Government, Defense and Finance. TOGAF may be used freely by any organization wishing to develop an enterprise architecture for use within that organization subject to the Conditions of Use. This book is divided into seven main parts: PART I: Introduction. This part provides a high level introduction to the key concepts of enterprise architecture and in particular the TOGAF approach. It contains the definitions of terms used throughout TOGAF and release notes detailing the changes between this version and the previous version of TOGAF. PART II: Architecture Development Method. This is the core of TOGAF. It describes the TOGAF Architecture Development Method (ADM), a step by step approach to developing an enterprise architecture. PART III: ADM Guidelines and Techniques. This part contains a collection of guidelines and techniques available for use in applying TOGAF and the TOGAF ADM. PART IV: Architecture Content Framework. This part describes the TOGAF content framework, including a structured metamodel for architectural artifacts, the use of reusable architecture building blocks and an overview of typical architecture deliverables. PART V: Enterprise Continuum Tools. This part discusses appropriate taxonomies and tools to categorize and store the outputs of architecture activity within an enterprise. PART VI: TOGAF Reference Models. This part provides a selection of architectural reference models which includes the TOGAF Foundation Architecture and the Integrated Information Infrastructure Reference Model (IIRM). PART VII: Architecture Capability Framework. This part discusses the organization, processes, skills, roles and responsibilities required to establish and operate an architecture function within an enterprise.
