## 6 Guide Sight Words Learning:

**My First 100 Sight Words Workbook** S&M Publishing, 2020-08-15 GET READY TO LEARN AND READ SIGHT WORDS Why sight words are important Okay as an answer to this question let's first know what are sight words. Sight words are words that should be memorized to help a child learn to read and write. Learning sight words allows a child to recognize these words at a glance on sight without needing to break the words down into their individual letters and is the way strong readers recognize most words. Knowing common or high frequency words by sight makes reading easier and faster because the reader does not need to stop to try and sound out each individual word letter by letter. So as we see in this definition sight words are so important for kids and adults either because of their huge impact on reading speed and comprehension. In this book My first 100 sight words workbook your kid is going to learn his first 100 sight words to help him/her read easily and fast. BOOK FEATURES One sight word per page with a little definition or meaning at the top. Traced letters to help kids write the words and say them at the same time. A lot of illustrations to help kids memorize the words easily. Different activities to emphasize acquisitions. Large letters to make it easier for kids to read and write the words. 8.5x11 book format which makes enough room for every part of the book. Scroll up and click add to cart and reserve a copy for your kid while the book is in stock. Get ready to push your kid's brain forward.
