then you know you're prepared. If you struggle on the practice test then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our CBASE Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious but you have to know which questions you missed and more importantly why you missed them to be able to avoid making the same mistakes again when you take the real test. That's why our CBASE Practice Questions include answer keys with detailed answer explanations. These in depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand.

These cards are not conventional but at Trivium Test Prep we don't subscribe to convention. Traditional flash cards are bulky, difficult to organize and impossible to use on the go unless of course you bind them with a ring. We did that for you. These flash cards can be used anywhere, anytime without worry about losing any cards or getting cards out of order not to mention the sheer bulk of flash cards is condensed into an easy to use size. This flash card set includes must know information to save time on the exam as well as brain trainer math speed drills to increase mental math agility decreasing a student's dependence on the calculator. These flash cards are essential for the student wanting to increase the test taking speed. Also of course are hundreds of the must know vocabulary words and verbal information such as prefixes, suffixes and roots so you can learn to decipher the meaning of a word even if you don't know its definition.
