Genitourinary Imaging, An Issue of Radiologic Clinics of North America Paul Nikolaidis, Nancy Hammond, 2012-03-28 This issue covers a wide range of topics related to genitourinary imaging across a variety of imaging modalities An update is given on dual energy CT in urologic imaging Imaging of the retroperitoneum is also discussed Imaging of infectious and inflammatory diseases of kidneys is reviewed as is imaging of the features of common and uncommon neoplasms of the bladder Multimodality imaging of the ureter unusual renal masses and adrenal imaging are all addressed in detail Finally

advances in pediatric urologic imaging are reviewed **Sound Tactics** Justin Eckstein, 2025-03-25 From call and response chants to the noise of pots and pans protests are often defined by their sounds In this book Justin Eckstein argues that this is not merely the result of catchy slogans it is due to sound's ability to hold those in power accountable Sound Tactics highlights how in a world grappling with the uncertainty of emergent digital practices social movements utilize the rhetorical power of sound Eckstein uses the waveform as a metaphor for the persuasive potential of sound Examining the case studies of the March for Our Lives protest Howard University's HUResist movement and the Casseroles protest in Montreal Eckstein demonstrates how changes to the immediacy intensity and immersiveness of sound can affect the power of an argument The collective use of sound in these case studies conveys the unity of the protestors in their demand for change and underlines the strength of their argument to those in power More than just the written word spoken aloud sound has unique layers of added meaning it can convey length of time demand attention and signal disapproval Eckstein's study unpacks those layers for scholars and students as well as activists interested in deploying sound for change

A Competitiveness Strategy for America United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs, 1993 This document records the oral testimony and written statements of 13 U.S. Senators and Representatives government officials a corporate chairman and a union president on the problem of economic stagnation in the United States and the formulation of a strategy to promote greater world competitiveness Some witnesses focused on the need for better education and job training for the 20 percent of people considered illiterate in the United States whereas most witnesses focused on the lack of family supporting jobs The witnesses said that millions of middle wage jobs have disappeared leaving only a few highly skilled highly paid jobs and many part time low wage jobs without benefits Witnesses proposed creating strategies to encourage investment in manufacturing jobs in the United States such as investment credits and elimination of barriers to exporting goods Some witnesses opposed additional taxes to pay for improvements others supported them for humanitarian purposes Some were totally proponents of the free market but others said that the free market had not created jobs for the past 20 years and that some sort of government stimulus was needed A long term investment such as improvements in the infrastructure was more favored than shorter term approaches KC [Handbook of Child Psychology and Developmental Science, Ecological Settings and Processes](#) , 2015-03-31 The essential reference for human development theory updated and reconceptualized The

Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 4 Ecological Settings and Processes in Developmental Systems is centrally concerned with the people conditions and events outside individuals that affect children and their development To understand children s development it is both necessary and desirable to embrace all of these social and physical contexts Guided by the relational developmental systems metatheory the chapters in the volume are ordered them in a manner that begins with the near proximal contexts in which children find themselves and moving through to distal contexts that influence children in equally compelling if less immediately manifest ways The volume emphasizes that the child s environment is complex multi dimensional and structurally organized into interlinked contexts children actively contribute to their development the child and the environment are inextricably linked and contributions of both child and environment are essential to explain or understand development Understand the role of parents other family members peers and other adults teachers coaches mentors in a child s development Discover the key neighborhood community and institutional settings of human development Examine the role of activities work and media in child and adolescent development Learn about the role of medicine law government war and disaster culture and history in contributing to the processes of human development The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development psychology sociology anthropology and neuroscience
