Know, Choose, Give Curriculum Liza D. Johnson, 2020-09 Given the critical importance of emotional health happiness and overall wellbeing emotional intelligence EQ is viewed as one of the most valuable personal resources There is a growing body of research showing the skills of EQ can help people achieve productive results be and feel better improve decision making and form stronger relationships Know Choose Give A Practical Guide for Personal Professional Success using the Six Seconds Emotional Intelligence Framework delivers 35 key skills The program is driven by the Six Seconds model of EQ in Action that includes three important pursuits Know Yourself Clearly seeing what you feel and do Emotions are data and these competencies allow you to accurately collect that information Choose Yourself Doing what you mean to do Instead of reacting on autopilot these competencies allow you to proactively respond Give Yourself Doing it for a reason These competencies help you put your vision and mission into action so you lead on purpose and with full integrity The facilitator s guide includes a code for one EQ self assessment a companion website for additional resources a

hands on tool to practice EQ entitled Think Feel and Act TFA cards and a suggested Six Seconds training and certification model designed to enhance facilitation skills and implementation of this curriculum These easy to use lessons include a check in various interactive activities discussion topics and reflective worksheets The program helps participants learn understand and actively develop the core skills necessary to be successful in making sustained and positive change Tested with university students the workbook provides an implementation plan that can be adaptable for use as an academic course offering as a general education or major requirement and integrated across the institution Ideal for higher education Know Choose Give A Practical Guide for Personal Professional Success using the Six Seconds Emotional Intelligence Framework also works in various organizational settings The program opens the opportunity to actively participate in the Six Seconds community that works in 174 countries and supports over five million people practicing EQ Together we can practice EQ to create more peace and wellbeing in ourselves and in the world The Emotionally Intelligent Workplace Cary

Cherniss, Daniel Goleman, 2001-06-19 How does emotional intelligence as a competency go beyond the individual to become something a group or entire organization can build and utilize collectively Written primarily by members of the Consortium for Research on Emotional Intelligence in Organizations founded by recognized EI experts Daniel Goleman and Cary Cherniss this groundbreaking compendium examines the conceptual and strategic issues involved in defining measuring and promoting emotional intelligence in organizations The book s contributing authors share fifteen models that have been field tested and empirically validated in existing organizations They also detail twenty two guidelines for promoting emotional intelligence and outline a variety of measurement strategies for assessing emotional and social competence in organizations

Emotion Guideline Workbook Amic G. Ho, 2024-05-28 Manipulating the design process can be challenging for junior design art and creative students Besides understanding the approaches to managing the design factors with logical thinking they can lack experience in handling emotional changes and concerns and initiative factors during the design process As a result they struggle to practice design and need guidance for enhancing their decision making evaluation judgment and motivation This book proposes a set of guiding principles with the intention of assisting the reader in regulating the emotional changes that occur throughout the design process This book offers practical approaches to those who would like to incorporate emotion in their design processes which contrasts with previous scholarly research that has mostly focused on the theoretical level It provides guidance to the reader through the process of adapting to the emotional changes that may occur throughout the design process during their design studies It contains a literature review research methods and a discussion of the strengths and limitations Featuring printable worksheets and additional tables to use as guidance this highly practical text allows the reader to gain a full understanding of emotion in the design procedure through active involvement process The Emotion Guideline Workbook is perfect for design art and creative students as well as their instructors researchers and other learners who are interested in emotion driven design It will also appeal to students and

academics in the fields of psychology and education

Leading with Emotional Intelligence Malcolm Higgs, Victor Dulewicz, 2016-08-31 Drawing on research into leadership and emotional intelligence this book presents a framework that can lead to effective change implementation Set against a backdrop of increasing complexity volatility and uncertainty the book responds to the need for organisations to continuously change and transform and addresses the real challenges of effective implementation Exploring these concepts at individual team and organizational levels Leading with Emotional Intelligence recognises the complexity of the topic and combines rigour with relevance to underpin the framework with empirical evidence

Workbook & Summary - Permission To Feel - Based On The Book By Marc Brackett Sapiens Quick Books, 2024-08-22 This publication is a summary This publication is not the complete book This publication is a condensed summary of the most important concepts and ideas based on the original book WORKBOOK SUMMARY PERMISSION TO FEEL BASED ON THE BOOK BY MARC BRACKETT Are you ready to boost your knowledge about PERMISSION TO FEEL Do you want to quickly and concisely learn the key lessons of this book Are you ready to process the information of an entire book in just one reading of approximately 30 minutes Would you like to have a deeper understanding of the original book Then this book is for you CONTENT Transform Lives With Emotional Intelligence Learn To Understand And Express Emotions Effectively Recognize The Impact Of Emotions On Well Being Guide To Nurturing Emotionally Intelligent Children Approach Emotions With Curiosity And Understanding

Emotional Intelligence in the Digital Era Pushan Kumar Dutta, Sachin Gupta, Shafali Kashyap, Anita Gehlot, Rita Karmakar, Pronaya Bhattacharya, 2025-05-23 This edited book aims to bring together the latest research in the field of human psychology emotional intelligence and technology The book is a platform for experts to share their knowledge on how virtual technology and techniques can be used to promote mental health and emotional intelligence

Self-management and Leadership Development Mitchell Grant Rothstein, Ronald J. Burke, 2010-01-01 This book is based on a really important timely and relevant idea to bring together sources on the self management of leadership development The book is important because almost all leadership development relies to a great degree on the leader's capability to manage his or her personal development It is timely because there is currently no single volume that covers the topic and it is relevant because leadership is such an extremely important issue for the success of our organizations countries and society in general The editors have done a thoroughly professional job in identifying top quality authors and combining their contributions into a very worthwhile volume Ivan Robertson University of Leeds UK Self Management and Leadership Development offers a unique perspective on how leaders and aspiring leaders can and should take personal responsibility for their own development This distinguished book is differentiated from other books on this topic with its view on the instrumental role played by individuals in managing their own development rather than depending on others such as their organization to guide them Expert scholars in the area of leadership emphasize the importance of self awareness as the critical starting point in the process Explicit recommendations are provided on how individuals can manage

their own self assessment as a starting point to their development The contributors present insights and practical recommendations on how individuals can actively self manage through a number of typical leadership challenges Business school faculty teaching electives in leadership and managers who engage in leadership development for themselves or others should not be without this important resource Consulting firms and training institutions offering leadership development programs and participants in MBA and executive development programs will also find it invaluable

Assessing Emotional Intelligence Peter Carblis, 2014-05-14 In this groundbreaking book the author advocates that many relational collapses are the result of ineptitude rather than ill will That is they are the result of a lack of skills rather than a lack of goodwill As this book puts it many of societys relational problems may be competency related This might be good news since competencies can be learned The purpose of this book is to take a careful look at how such competencies can be developed Beginning with the view that if such competencies can be learned they must first be defined and have standards set for them it asks the question Can competency standards be designed for soft skills It is argued that the answer is yes Locating itself in the workplace context where adults often spend most of their lives but relevant to life in general this book shows how theoretically sound competency standards can be developed for selected soft skills This is done by adapting a methodology used to specify workplace competency standards The book also notes a number of practical and ideological issues that must be considered at implementation This book shows how standards for three such skills have been developed and provided with a preliminary workplace validation The skills selected are related to interpersonal skills and are derived from the framework of emotional intelligence competencies popularised by Goleman This is an important book for those in business studies

Competency & Emotional Intelligence Benchmarking ,2006

Permission to Feel Marc Brackett, Ph.D., 2019-09-03

The mental well being of children and adults is shockingly poor Marc Brackett author of *Permission to Feel* knows why And he knows what we can do We have a crisis on our hands and its victims are our children Marc Brackett is a professor in Yale University s Child Study Center and founding director of the Yale Center for Emotional Intelligence In his 25 years as an emotion scientist he has developed a remarkably effective plan to improve the lives of children and adults a blueprint for understanding our emotions and using them wisely so that they help rather than hinder our success and well being The core of his approach is a legacy from his childhood from an astute uncle who gave him permission to feel He was the first adult who managed to see Marc listen to him and recognize the suffering bullying and abuse he d endured And that was the beginning of Marc s awareness that what he was going through was temporary He wasn t alone he wasn t stuck on a timeline and he wasn t wrong to feel scared isolated and angry Now best of all he could do something about it In the decades since Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well being His prescription for healthy children and their parents teachers and schools is a system called RULER a high impact and fast effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have

adopted it RULER has been proven to reduce stress and burnout improve school climate and enhance academic achievement This book is the culmination of Marc s development of RULER and his way to share the strategies and skills with readers around the world It is tested and it works This book combines rigor science passion and inspiration in equal parts Too many children and adults are suffering they are ashamed of their feelings and emotionally unskilled but they don t have to be Marc Brackett s life mission is to reverse this course and this book can show you how

Confident Communication Pryor Learning,2025-12-16 The importance of effective communication in the workplace cannot be understated Verbal and non verbal communication are critical skills in every successful workplace at the team and employee level as well as in your personal relationships From knowing how and when to de escalate tense situations to dealing with a difficult employee to enhancing your emotional intelligence to listening effectively with your spouse or significant other learning how to communicate clearly and professionally is key to organizational growth longevity and productivity In this compelling idea paced book Confident Conversations you will learn how to communicate with others in an assertive yet non threatening and understanding way You ll learn how to Communicate with a high level of emotional intelligence Identify key techniques for electronic communication as well as situations to avoid when using electronic communication Manage and handle difficult situations that cause frustration and conflict Master a first impression that is a positive and lasting using proven strategies Adapt and speak in the communication style of others Understand how body language conveys secret communication messages Communication skills are crucial for career and personal success It s not always technical expertise superior knowledge or even heightened intelligence that makes people effective in their roles It s often their exceptional skill in handling difficult people and charged situations Master the communication skills necessary to propel your career boost your productivity ensure quality job satisfaction and connect with others in your personal relationships
