Wired to Connect a 10 week program for groups based on Polyvagal Theory that is structured easy to teach and suitable for

everyone The course is designed to help people develop an awareness of how their autonomic nervous system affects them as

they navigate the joys and challenges of life and how to embrace and modulate its reactions to lead a more serene and

fulfilling existence It begins with an introduction to the theory and functioning of the autonomic nervous system whose

biological response to threats real or perceived can determine whether a person lives in a state of open connectedness or

mobilized immobilized protectiveness It continues by reviewing the knowledge and skills required to lead the program along

with an overview of its structure and the various teaching modules that like building blocks form each class The second part

of the book serves as a manual for leading the course Going session by session activity by activity it offers specific hands on

scripts to help convey the theory to course participants in a simple and engaging way along with experiential exercises on

through the Wired to Connect journey Not only can psychologists and psychotherapists lead the program but also other compassionate professionals such as teachers doctors nurses and community workers Polyvagal Theory in Group Practice is a clear concise and comprehensive handbook for anyone interested in learning how to benefit from a polyvagal lifestyle and to share this knowledge with others [White and Pharoah's Oral Radiology - E-BOOK](#) Ernest Lam, Sanjay Mallya, 2024-11-20
