## Paperback Sci Fi Dystopia:

*Species Traitor* Kate L. Mary, 2021-07-16 This was much more than a sci fi dystopian romance for the reader. This tale played on every emotion you can think of. My mind was a whirlwind of emotional turmoil. Amazon Reviewer Utterly spellbinding. Amazon Reviewer My name is Ava Mendoza and I am a species traitor. They came hoping to find a new home after their own planet was destroyed but Earth was dying as well and most humans saw their arrival as an invasion. Now two decades later the Veilorians have been banished to the District a fenced in area on the outskirts of the last known livable land on Earth. Most people do their best to pretend they don't exist but not everyone. There are humans like my cousin who see them for what they are. Despite the threat of disownment she married a Veilorian and now she too lives in the District. Even before I met Finn I was determined to stand up for what was right but from the moment I laid eyes on him we had a connection I've never experienced before. But with the election of a new and radical mayor on the horizon tensions are high and people are calling for change. They want to make my cousin's marriage illegal and punish any human who goes into the District but I refuse to back down from this fight. No matter the cost. This book captured my imagination with Kate's creative story telling and her ability to make you root for the characters. Amazon Reviewer Kate L. Mary never disappoints when it comes to her world building and character development. Amazon Review I remember Mary saying this story would be so much more than just a love story. And it was. It was beauty and raw emotions. It was heartbreak to the point of tears. But Mary crafted a glorious bandaid in the form of words and amazing characters to mend my heart over and over again. I was absolutely addicted to this book to Finn and Ava. And I was desperate for it when I wasn't able to be in it. Amazon Reviewer Species Traitor has been one amazing journey into a whole new world of aliens and humans trying to stop the hate and bring the two species together. Amazon Reviewer

**We** Yevgeny Zamyatin, 2022-11-13 Yevgeny Zamyatin's *We* is a groundbreaking dystopian novel that explores the oppressive nature of a totalitarian state through a unique narrative structure and keen philosophical insights. Written in 1920 the book is presented as a series of diary entries from the protagonist D 503 who resides in a mathematically ordered society where individuality is suppressed for the sake of collective conformity. Zamyatin's innovative use of stream of consciousness and his vivid descriptions paint a stark picture of a future devoid of personal freedom reflecting the anxieties of a post-revolution Russia grappling with the implications of emergent ideologies. Yevgeny Zamyatin was a Russian writer and engineer whose experiences in a rapidly changing society informed his literary vision. As one of the first authors to respond critically to the Soviet regime Zamyatin's need to critique the pervasive bureaucracy stemmed from his own disillusionment with utopian ideals. His personal conflict with censorship and the artistic freedom ultimately led to his exile solidifying his role as a precursor to later dystopian literature. For readers captivated by themes of individuality versus state control *We* is an essential work that challenges the morality of utopian aspirations while offering profound social commentary. Zamyatin's prophetic insights continue to resonate making this novel

**When the Sleeper Wakes (A Dystopian Sci-Fi)** H G Wells,2021-08-29 *The War of the Worlds* H. G.

Wells,2017-02-25 Though highly debated as to whether War of the Worlds is a true dystopian novel several scholars agree that this classic science fiction novel by Wells makes the cut for the genre based upon its presentation of a worst case scenario for a less than idyllic society In the story Wells draws upon a common fear of that modern day society It was known at the time as the fin de si cle or the end of the age that anticipated an apocalypse at that the dawn of the new century In fact in 1938 Orson Welles caused a nationwide panic with his broadcast of War of the Worlds a realistic radio dramatization of Well s Martian invasion of Earth Dystopian Classic Editions publishes works of dystopian and utopian literature that have survived through the generations and been recognized as classics A dystopian society is an imagined society in which the people are oppressed however the government propagandizes the society as being a utopia or a perfect society Typical themes in dystopian literature include public mistrust police states and overall unpleasantness for the citizens Authors of dystopian works strive to present a worst case scenario and negative depiction of the way things are in the story so as to make a criticism about a current situation in society and to call for a change Each Dystopian Classic Edition selected for publication presents such a story **We** Evgenii Ivanovich Zamiatin,2021-11-05 We written by Russian author Evgenii Ivanovich Zamiatin is a groundbreaking dystopian novel that explores the concept of a totalitarian society where individuality is suppressed in favor of collective unity The book originally published in 1924 serves as a precursor to other famous

dystopian works such as George Orwell's 1984 and Aldous Huxley's Brave New World. Zamiatin's distinctive literary style combines elements of satire, science fiction, and political commentary to create a thought-provoking and timeless story. The novel is presented in the form of diary entries by the protagonist D-503, offering readers a unique and intimate glimpse into the protagonist's inner thoughts and struggles. Through vivid imagery and allegorical storytelling, Zamiatin paints a vivid picture of a society under constant surveillance and control, challenging readers to contemplate the dangers of conformity and the importance of individual freedom. Evgenii Ivanovich Zamiatin's own experiences living under a repressive regime in early 20th century Russia undoubtedly influenced his writing of *We*, making it a poignant and relevant read for those interested in exploring themes of government oppression and the struggle for personal identity. This novel is a must-read for fans of dystopian literature and those interested in delving into the complexities of human nature and societal control.

This dystopian sci-fi series includes Book 1: *Truth Seer*, Book 2: *Healer*, Book 3: *Truth Changer*. PRAISE FOR THE TRUTH SEER TRILOGY FUTURISTIC DYSTOPIAN SERIES: Loved this series. It was fun to follow Imara and Abe through their adventure. Will definitely be rereading this series. This book moved me to laugh, to cry, to pound my fist in frustration, and to cheer.
