Schrodinger's Kids and Other Short Stories Natalia Corres, 2019-11-19 Time travel disappearing kids a strange tv pilot and the enigma of the single shoe in the street are just some of the subjects explored in this collection of short stories Expect humor horror and strange twists along the way as you read through these windows into the mind of one writer **Pregnant with the Stars** Renée Ann Cramer, 2015-10-21 Check out that baby bump Online and print magazines television shows and personal blogs are awash with gossip and speculation about pregnant celebrities What drives our cultural obsession with celebrity baby bumps *Pregnant with the Stars* examines the American fascination with and judgment of celebrity pregnancy and exposes how our seemingly innocent interest in baby bumps actually reinforces troubling standards about femininity race and class while increasing the surveillance and regulation of all women in our society This book charts how the American understanding of pregnancy has evolved by examining pop culture coverage of the pregnant celebrity body Investigating and comparing the media coverage of pregnant celebrities including Jennifer Garner Angelina Jolie Beyoncé Knowles Kristen Bell M I A Jodie Foster and Mila Kunis Renée Cramer shows us how women are categorized and defined by their pregnancies Their stories provide a paparazzi sized lens through which we can interpret a complex set of social and legal regulations of pregnant women Cramer exposes how cultural ideas like the rockin post baby body are not only unattainable they are a means of social control Combining cultural and legal analysis *Pregnant with the Stars* uncovers a world where pregnant celebrities are governed and controlled alongside the recent and troubling proliferation of restrictive laws aimed at women in the realm of reproductive justice and freedom Cramer asks each reader and cultural consumer to recognize that the seeing judging and discussion of the baby bump isn't merely frivolous celebrity gossip it is an act of surveillance commodification and control *Infants, Children, and Adolescents* Laura E. Berk, 2022-07-26 A best selling chronologically organized child development text Laura E Berk's *Infants Children and Adolescents* takes an integrated approach to presenting development in the physical cognitive emotional and social domains emphasizing the complex interchanges between heredity and environment providing exceptional multicultural and cross cultural focus and offering research based practical applications that students can relate to their personal and professional lives **Infants and Children** Laura E. Berk, 2022-07-26 In the Ninth Edition of *Infants and Children* Prenatal Through Middle Childhood renowned professor researcher and author Laura E Berk takes an integrated approach to presenting development in the physical cognitive emotional and social domains emphasizing the complex interchanges between heredity and environment providing exceptional multicultural and cross cultural focus and offering research based practical applications that students can relate to their personal and professional lives Art Works Ken Grossinger, 2023-07-18 Named one of The Progressive magazine's Favorite Books of the Year An inside look at the organizers and artists on the front lines of political mobilization and social change Ken Grossinger is one of the smartest strategists I know John Sweeney AFL CIO president 1995 2009 An

artist's mural of George Floyd becomes an emblem of a renewed movement for racial equality. A documentary film injects fuel into a popular mobilization to oust a Central American dictator. Freedom songs course through the American civil rights movement. When artists and organizers combine forces, new forms of political mobilization follow which shape lasting social change. And yet few people appreciate how much deliberate strategy often propels this vital social change work. Behind the scenes, artists, organizers, political activists, and philanthropists have worked together to hone powerful strategies for achieving the world we want and the world we need. In *Art Works*, noted movement leader Ken Grossinger chronicles these efforts for the first time, distilling lessons and insights from grassroots leaders and luminaries such as Ai Weiwei, Courtland Cox, Jackson Browne, Shepard Fairey, Jane Fonda, Elizabeth Alexander, Bill McKibben, JR, Jose Antonio Vargas, and more. Drawing from historical and present-day examples including Black Lives Matter, Standing Rock, the Hip Hop Caucus, the Legacy Museum, and the Art for Justice Fund, Grossinger offers a rich tapestry of tactics and successes that speak directly to the challenges and needs of today's activists and of these political times.

Rituals of Mediation François Debrix, Cynthia Weber, 2003 A timely consideration of the meaning of transnational cultural interactions today. In an era of increasing globalization, the cultural and the international have borders as permeable as most nations, and an understanding of one requires making sense of the other. Foregrounding the role of mediation, understood here as a site of representation, transformation, and pluralization, the authors engage two specific questions: How might we make theoretical and practical sense of transnational cultural interactions? And how are we to understand the ways in which the sites of mediation represent, transform, and remediate internationals? Accordingly, the authors consider international issues like security, development, political activism, and the war against terrorism through the lens of cultural practices such as traveling through airports, exhibiting art, and photography, logging on to the Internet, and spinning news stories.
