**Gender and Care with Young Children** B. Denise Hodgins, 2019-04-08 This book is an exploration of how children educators and things become implicated in gendered caring practices Drawing on a collaborative research study with early childhood educators and young children the author examines what an engagement with human and non human relationality does to complicate conversations about gender and care By employing a feminist material analysis of early childhood education this book rethinks dominant Euro Western individualist pedagogies in order to reposition them within a relationality framework The analysis illuminates the political and ethical embeddedness of early childhood education and the understanding that gendering and caring emerge with in a complex web of many relations

**Science of Science Fiction** Matthew Brenden Wood, 2017-02-20 Early science fiction imagined a world with space travel video calls and worldwide access to information things we now know as NASA s human spaceflight program Skype and the Internet What next Could we really bring back the dinosaurs travel to a distant star or live on Mars In The Science of Science Fiction readers ages 12 to 15 explore the science behind classic and modern science fiction stories including artificial intelligence androids and the search for alien life They learn how cutting edge concepts including time dilation and genetic manipulation influence today s fiction The Science of Science Fiction promotes critical thinking skills through inquiry discovery research analysis and reflection of key scientific ideas and concepts made popular by many titles in science fiction Each chapter features informative sidebars and video and website links for an in depth look at key topics Science minded experiments include a simple demonstration of artificial gravity using a bucket of water and calculating the speed of light using chocolate in a microwave This variety of resources ensures the material is accessible to students with diverse learning styles

**Trust Inc.** Matthew Yeomans, 2018-04-25 We are entering the age of sustainability a business era where every company big and small must adapt its way of doing business to meet the realities of climate change a finite supply of natural resources evolving attitudes about inequality increasing digitisation and automation At the same time companies must meet the demands of consumers as they adjust to this rapidly changing way of life Supercharging this change in consumer behaviour is social media a communications revolution that is democratising and disrupting society in ways never seen before In this book Matthew Yeomans explains why embracing sustainability is key to helping companies articulate their sense of purpose and their reason to exist in a world where social media is eroding trust in all institutions The book shows how social media has made sustainability a mainstream concern for all society how it compelled companies to be more authentic and accountable in their actions and how it will continue to shape how companies communicate the importance of sustainability to all of society This book is a powerful guide for both communication and marketing professionals in business especially Fortune 500 FTSE 250 companies and agencies on how to use social media to communicate with their audiences

and stakeholders in an authentic way It is also a guide text book for the growing field of sustainability communication in higher education **Evaluating and Promoting Nonfiction for Children and Young Adults** Don Latham,2025-01-07 Evaluating and Promoting Nonfiction for Children and Young Adults isn't another bibliography that will quickly become outdated Instead it situates nonfiction resources within the recent emphasis on reading nonfiction as a way of enhancing critical thinking and combating susceptibility to fake news Donald Latham offers strategies for evaluating nonfiction for the purposes of collection development providing readers advisory and developing programs using nonfiction for children and young adults The book includes lists of professional resources as well as recommended nonfiction titles *Research and Teaching in a Pandemic World* Basil Cahusac de Caux,Lynette Pretorius,Luke Macaulay,2023-01-01 This book adopts collaborative autoethnography as its methodology and presents the collective witnessing of experiences of the COVID 19 pandemic within the higher education sector Through the presentation of staff and student experiences and what was learnt from them the authors examine the global phenomenon that is the COVID 19 pandemic through the purposeful exploration of their own experiences This book presents an overall argument about the state of higher education in the middle of the pandemic and highlights academic issues and region specific challenges The reflections presented in this book offer insights for other staff and students as well as academic policy makers regarding the pandemic experiences of those within academia It also offers practical suggestions as to how we as a global community can move forward post pandemic [Curious about George](#) Rae Lynn Schwartz-DuPre,2021-11-15 In 1940 Hans Augusto Rey and Margret Rey built two bikes packed what they could and fled wartime Paris Among the possessions they escaped with was a manuscript that would later become one of the most celebrated books in children's literature Curious George Since his debut in 1941 the mischievous icon has only grown in popularity After being captured in Africa by the Man in the Yellow Hat and taken to live in the big city's zoo Curious George became a symbol of curiosity adventure and exploration In Curious about George Curious George Cultural Icons Colonialism and US Exceptionalism author Rae Lynn Schwartz DuPre argues that the beloved character also performs within a narrative of racism colonialism and heroism Using theories of colonial and rhetorical studies to explain why cultural icons like Curious George are able to avoid criticism Schwartz DuPre investigates the ways these characters operate as capacious figures embodying and circulating the narratives that construct them and effectively argues that discourses about George provide a rich training ground for children to learn US citizenship and become innocent supporters of colonial American exceptionalism By drawing on postcolonial theory children's criticisms science and technology studies and nostalgia Schwartz DuPre's critical reading explains the dismissal of the monkey's 1941 abduction from Africa and enslavement in the US described in the first book by illuminating two powerful roles he currently holds essential STEM ambassador at a time when science and technology is central to global competitiveness and as a World War II refugee who offers a deficient version of the Holocaust while performing model US immigrant Curious George's twin heroic roles highlight racist science

and an Americanized Holocaust narrative By situating George as a representation of enslaved Africans and Holocaust refugees Curious about George illuminates the danger of contemporary zero sum identity politics the colonization of marginalized identities and racist knowledge production Importantly it demonstrates the ways in which popular culture can be harnessed both to promote colonial benevolence and to present possibilities for resistance *Congressional Record* United States.
