"Computer Law ; a Comprehensive Update" Computer Law Association, 1979 Human Law and Computer Law: Comparative Perspectives Mireille Hildebrandt, Jeanne Gaakeer, 2013-05-23 The focus of this book is on the epistemological and hermeneutic implications of data science and artificial intelligence for democracy and the Rule of Law How do the normative effects of automated decision systems or the interventions of robotic fellow beings compare to the legal effect of written and unwritten law To investigate these questions the book brings together two disciplinary perspectives rarely combined within the framework of one volume One starts from the perspective of code and law and the other develops from the domain of law and literature Integrating original analyses of relevant novels or films the authors discuss how computational technologies challenge traditional forms of legal thought and affect the regulation of human behavior Thus pertinent questions are raised about the theoretical assumptions underlying both scientific and legal practice **The CLA Computer Law Companion ...** Computer Law Association, 1993 **Computer Law, a Comprehensive Update** Computer Law Association, 1979 *Computer Law Reading List* Michael Dennis Scott, 1981 **Computer Law for Computer Professionals** Thomas R. Mylott, 1984 *Computer Law* Chris Reed, 1990 Early treatment of computer law was no more than the application of existing principles to novel sets of facts Today it has been recognized generally that computing technology does indeed give rise to unique legal problems which are not resolvable by applying existing legal principles This is particularly apparent where transactions are carried out through the exchange of digital information rather than human interaction The developing law which seeks to resolve these problems is at the heart of the latest edition of this book now established as a standard text on computer law for students practitioners and business in general for whom information technology is an integral part of their daily activities BOOK JACKET International Computer Law Ernst J.
