Daytripper:

El Eternauta, Daytripper, and Beyond David William Foster, 2016-10-25 *El Eternauta Daytripper and Beyond* examines the graphic narrative tradition in the two South American countries that have produced the medium's most significant and copious output Argentine graphic narrative emerged in the 1980s awakened by Hector Oesterheld's groundbreaking 1950s serial *El Eternauta*. After Oesterheld was disappeared under the military dictatorship *El Eternauta* became one of the most important cultural texts of turbulent mid twentieth century Argentina. Today its story set in motion by an extraterrestrial invasion of Buenos Aires is read as a parable foretelling the invasion of Argentine society by a murderous tyranny. Because of *El Eternauta* graphic narrative became a major platform for the country's cultural redemocratization. In contrast Brazil which returned to democracy in 1985 after decades of dictatorship produced considerably less analysis of the period of repression in its graphic narratives. In Brazil serious graphic narratives such as *F bio Moon* and *Gabriel B's Daytripper* which explores issues of modernity globalization and cross cultural identity developed only in recent decades reflecting Brazilian society's current and ongoing challenges. Besides discussing *El Eternauta* and *Daytripper* David William Foster utilizes case studies of influential works such as *Alberto Breccia* and *Juan Sasturain's Perramus* series *Ang lica Freitas* and *Odyr Bernardi's Guadalupe* and others to compare the role of graphic narratives in the cultures of both countries highlighting the importance of Argentina and Brazil as anchors of the production of world class graphic narrative.
