*Detecting Texts* Patricia Merivale,Susan Elizabeth Sweeney,2011-06-07 Although readers of detective fiction ordinarily expect to learn the mystery s solution at the end there is another kind of detective story the history of which encompasses writers as diverse as Poe Borges Robbe Grillet Auster and Stephen King that ends with a question rather than an answer The detective not only fails to solve the crime but also confronts insoluble mysteries of interpretation and identity As the contributors to Detecting Texts contend such stories belong to a distinct genre the metaphysical detective story in which the detective hero s inability to interpret the mystery inevitably casts doubt on the reader s similar attempt to make sense of the text and the world Detecting Texts includes an introduction by the editors that defines the metaphysical detective story and traces its history from Poe s classic tales to today s postmodernist experiments In addition to the editors contributors include Stephen Bernstein Joel Black John T Irwin Jeffrey T Nealon and others
