**Reception of the Bible** Bradford A. Anderson, Jonathan Kearney, 2018-04-19 Drawing on the work of leading figures in biblical religious historical and cultural studies in Ireland and beyond this volume explores the reception of the Bible in Ireland focusing on the social and cultural dimensions of such use of the Bible. This includes the transmission of the Bible the Bible and identity formation engagement beyond Ireland and cultural and artistic appropriation of the Bible. The chapters collected here are particularly useful and insightful for those researching the use and reception of the Bible as well as those with broader interests in social and cultural dimensions of Irish history and Irish studies. The chapters challenge the perception in the minds of many that the Bible is a static book with a fixed place in the world that can be relegated to ecclesial contexts and perhaps academic study. Rather as this book shows the role of the Bible in the world is much more complex. Nowhere is this clearer than in Ireland with its rich and complex religious cultural and social history. This volume examines these very issues highlighting the varied ways in which the Bible has impacted Irish life and society as well as the ways in which the cultural specificity of Ireland has impacted the use and development of the Bible both in Ireland and further afield.

Drawn to the Word Amanda Dillon, 2021-11-05 A unique study of lectionaries and graphic design as a site of biblical reception. How artists portrayed the Bible in large canvas paintings is frequently the subject of scholarly exploration yet the presentation of biblical texts in contemporary graphic designs has been largely ignored. In this book Amanda Dillon engages multimodal analysis a method of semiotic discourse to explore how visual composition texture color directionality framing angle representations and interactions produce potential meanings for biblical graphic designs. Dillon focuses on the artworks of two American graphic designers the woodcuts designed by Meinrad Craighead for the Roman Catholic Sunday Missal and Nicholas Markell's illustrations for the worship books of the Evangelical Lutheran Church in America to present the merits of multimodal analysis for biblical reception history.
