Roman Catholic Church Music in England, 1791-1914: A Handmaid of the Liturgy? T.E.

Muir,2016-04-08 Roman Catholic church music in England served the needs of a vigorous vibrant and multi faceted community that grew from about 70 000 to 1 7 million people during the long nineteenth century Contemporary literature of all kinds abounds along with numerous collections of sheet music some running to hundreds occasionally even thousands of separate pieces many of which have since been forgotten Apart from compositions in the latest Classical Viennese styles and their successors much of the music performed constituted a revival or imitation of older musical genres especially plainchant and Renaissance Polyphony Furthermore many pieces that had originally been intended to be performed by professional musicians for the benefit of privileged royal aristocratic or high ecclesiastical elites were repackaged for rendition by amateurs before largely working or lower middle class congregations many of them Irish However outside Catholic circles little attention has been paid to this subject Consequently the achievements and widespread popularity of many composers such as Joseph Egbert Turner Henry George Nixon or John Richardson within the English Catholic community have passed largely unnoticed Worse still much of the evidence is rapidly disappearing partly because it no longer seems relevant to the needs of the modern Catholic Church in England This book provides a framework of the main aspects of Catholic church music in this period showing how and why it developed in the way it did Dr Muir sets the music in its historical liturgical and legal context pointing to the ways in which the music itself can be used as evidence to throw light on the changing character of English Catholicism As a result the book will appeal not only to scholars and students working in the field but also to church musicians liturgists historians ecclesiastics and other interested Catholic and non Catholic parties

Cantica Sacra, Or Hymns for the Children of the Catholic Church, Set to Original Music (Classic Reprint) John Henry Cornell, 2018-01-21 Excerpt from Cantica Sacra or Hymns for the Children of the Catholic Church Set to Original Music With the object then of rendering the universal introduction of these Hymns practicable by bringing the work within the reach of all the words are printed separately in a small cheap book bearing the same title cantica sacra Thus the great bulk of those who will use the work have no occasion to buy the necessarily expensive book containing the music they will learn the melodies by ear at the dictation of the director or teacher while the music book will be required only by the latter and by the few more skilful singers chosen for the alto part In regard to the execution of the Hymns of this collection the compiler has three favors to ask of those whom it may concern First that the sentiments of the different Hymns or of the different verses of the same Hymn be carefully studied and faithfully rendered The various shades of musical expression loud soft diminishing and increasing in power slackening and accelerating the time etc etc cannot always be indicated once for all by the composer much is left to the judgment and taste of the director who is supposed to understand and feel that which is to be sung in order that under his direction it may be faithfully and artistically rendered Second that the alto part of the Hymns if it cannot be sung exactly as written be omitted altogether not being strictly speaking essential to their effect though its addition greatly enhances it and that every attempt at improvising an alto part which is done mostly by singing thirds below the melody be repressed promptly firmly and persistently Third that the organist unless he be a thorough harponist play the accompaniments as they are written without any addition except perhaps that of strengthening the bass by octaves where it can be done The courtesy of Rev Dr Cummings Pastor of St Stephen's Church New York in allowing the pages of this work to be enriched by extracts from his Hymns for Catholic Schools is hereby gratefully acknowledged About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
