Academic Practical Science X Dr. N. K. Sharma, Bishan Lal, 2011-12 *Lab. Manual For Science & Tech. Class (X)*

Cbse (2nd Edition) Rishi Menon, 2007-01-01 *Open and Distance Learning in Secondary School Education in India* Jyotsna Jha, Neha Ghatak, Puja Minni, Shobhita Rajagopal, Shreekanth Mahendirian, 2019-11-19 This book examines the state of the Open and Distance Learning ODL based secondary education in India. ODL based education has been a key resource for children in India who can neither cope with nor avail of regular schooling opportunities due to economic, health and disability or other constraints. The volume uses large scale empirical data collected from various Indian states and a sensitive theoretical framework to study the equity, efficiency and effectiveness of the National Institute of Open Schooling (NIOS) and the State Open School (SOS). Highlighting the roadblocks and barriers in terms of its reach, inclusion and delivery, particularly to the marginalised, this book explores whether ODL has a potential of being a sustainable and effective option at the secondary and senior secondary level in India. Thus, it seeks to generate policy discourse around delivery mechanisms and effectiveness of ODL in developing countries. First of its kind, this comprehensive volume will be useful for scholars and researchers of education, education policy, public policy and political studies.
