tool for learning the material covered in the three new CCNP exams. The books are intermediate level texts that assume that readers have been exposed to beginner level networking concepts contained in the CCNA ICND1 and ICND2 certification curriculum. No previous exposure to the CCNP level subject matter is required so the books provide a great deal of detail on the topics covered. Within the Authorized Self Study Guide series each chapter opens with a list of objectives to help focus the reader's study. Real world case studies sprinkled throughout help illuminate theoretical concepts. Key terms will be highlighted and defined as they are first used. Each chapter will conclude with a summary to help review key concepts as well as review questions to reinforce the reader's understanding of what was covered.
