

## WRITING - Parallel Structure

In the CELBAN writing assessment you will be asked to write a report. Lists of items or actions that occur in a particular sequence are common in written reports. Ordering these items with the same grammatical structure can help readers follow your writing. This is called parallel structure.

Parallel structure is also important in speaking in order to be clearly understood. Parallel structure can happen at the word, phrase, or clause level. Join parallel structures with coordinating conjunctions such as "and" or "or."

### Words and phrases that help build parallel structure.

#### Adjectives

The patient was hostile, disoriented, and paranoid.

#### Gerunds

The patient said he likes dancing, hiking, and swimming.

#### Infinitive phrases

The patient said he likes to dance, to hike, and to swim.

The patient said he likes to dance, hike, and swim.

#### Adverbs

The patient walks slowly, carefully, and deliberately.

#### Clauses

The nurse said that I should sleep more, that I should eat less fat, and that I should refrain from lifting heavy objects.

The nurse said that I should sleep more, eat less fat, and refrain from lifting heavy objects.

#### List after colon

Several factors contributed to the incident: the dark room, broken light, and slippery floor.

### Connect the parallel structure

1. The nurse took his pulse, examined his heart, and his respiratory rate.
2. The nurse studied physiology, to assist in surgery, and anatomy.
3. After surgery don't exercise, lift heavy objects and no shopping.
4. Inform your doctor if you experience difficulty with speaking, how to follow directions, and remembering.

(succesfully finishing 3-4 days of disunited procedure & you have to do what?)

### Additional strategies to develop parallel structure

- Review your writing, pausing at the words "and" and "or." Check on each side of these words to see whether the items joined are parallel. If not, make them parallel.
- Check bulleted lists to make them parallel.
- Listen to the sound of the items in a list or the terms being compared. Do you hear the same kinds of sounds? For example, is there a series of "-ing" or "-ed" endings on each term?
