## **Current Issues In Korean Law:**

*Current Issues in Korean Law* Laurent Mayali, John Yoo, 2014-04 This volume is the first in a series of comparative studies that focuses on Korea's legal system and its political institutions under the sponsorship of the Korea Law Center at UC Berkeley Law School. Korea has experienced an astonishing pace of legal reforms within an interval of two generations. The collapse of the authoritarian regime started an irreversible process of democratization that has not yet completed its full course. The papers included in this volume cast new lights on the challenges and institutions that define the substance and the structure of current legal reforms. Although it is not the purpose of this volume to provide a comprehensive report on the current state of Korean law, the selective range of the themes is not a simple happenstance. It is representative of the current political debate which echoes the Korean society's determination to resolve the paradoxes of its legal tradition and overcome the trials of its democratic aspirations.

**The Oxford Handbook of Comparative Environmental Law** Emma Lees, Jorge E. Viñuales, 2019-05-06 This Handbook is the first comprehensive account of comparative environmental law. It examines in detail the methodological foundations of the discipline as well as the substance of environmental law across countries from four vantage points: country studies from all continents; responses to common problems including air pollution, water management, nature conservation, genetically modified organisms, climate change, and energy; chemicals waste; foundational components of environmental law systems including principles, property rights, administrative and judicial organisation, command and control, regulation, market mechanisms, informational techniques, and liability mechanisms; and common interactions of environmental protection with the broader public, private, and criminal law contexts. The volume brings together the foremost authorities in this field from around the world to provide a concise, self-contained, and technically rigorous account of environmental law as a single overall system.

Constitutional Convergence in East Asia Po Jen Yap, Chien-Chih Lin, 2021-11-25 Explains why the constitutional jurisprudence of Hong Kong, Taiwan, and South Korea is converging and provides analysis of relevant case law.

International Economic Law in a Developed Korea Asif H. Qureshi, Nanyur, Jeong Ah Lee, 2026-01-27 The book examines South Korea's evolving role in the global economic legal framework by analyzing how this developed nation navigates complex trade relationships, shapes international norms, and addresses emerging challenges in a rapidly changing world order. Through detailed case studies of South Korea's economic diplomacy with major partners, it traces the country's strategic transition from adhering to GATT rules to becoming a leader in regional free trade agreements. It also explores South Korea's innovative methods of integrating sustainability and digitalization into its trade policy. The book provides a clear understanding of how a developed Asian economy balances domestic priorities with international obligations. By investigating the causal mechanisms behind its policy choices, the book assesses the strengths and weaknesses of South Korea's strategies as an influential middle power and their global impact. This book will be of interest to scholars and policymakers in international economic law, comparative law, international trade,

and investment law particularly those interested in Asian perspectives on global economic governance

**The Constitution of South Korea** Chaihark Hahm, 2024-04-18 The constitutional system of South Korea is a work in progress and this volume fleshes out and makes intelligible to foreign readers that process within the specific political and historical context of modern South Korea The current South Korean Constitution of 1987 is the culmination of decades long efforts by the South Korean people to achieve democratic self government It is the fruition of untold sacrifices made by dedicated citizens who tirelessly fought to rein in the power of the government under some form of constitutional rule In that sense it should be understood against the backdrop of South Korea's experimentation with constitutionalism that began at the turn of the last century Yet it also represents a radical break the beginning of a new era which ended a long political history of constitution without constitutionalism For the first time in the history of the South Korean nation the constitution has become a living norm rather than an ornament or a facade for illegitimate or ineffectual governments It has proven to be a binding law that matters not only for government leaders but also for private individuals With the adoption especially of a system allowing the adjudication of constitutional issues at an independent court the people have begun to realise that the constitution can be invoked to protect their rights and advance their interests As a result the South Korean Constitutional Court is being stretched to its limits with a great number of cases filed at its docket This book is an insightful new addition to Hart's successful series *Constitutional Systems of the World*

**Treatment of Foreign Law in Asia** Kazuaki Nishioka, 2023-10-05 How do Asian courts ascertain interpret and apply a foreign law as the law governing the merits of the case What should judges do if parties do not raise or disagree on the content of foreign law This thematic volume in the *Studies in Private International Law Asia* series analyses the treatment of foreign law before judicial authorities that is how the courts of Asian states deal with the proof of foreign law in court litigation involving cross border elements The individual chapters cover 15 Asian jurisdictions Mainland China Hong Kong Taiwan Japan South Korea Singapore Malaysia Vietnam Cambodia Myanmar the Philippines Indonesia Thailand Sri Lanka and India The Introduction and Conclusion examine similarities and differences in the approaches taken by the 15 Asian states with a view to assessing the extent to which those approaches are consistent or different from each other The book also puts forward suggestions for harmonising differing approaches especially between Asian common law and civil law states The book is a one stop reference guide on the treatment of foreign law in Asia and will be indispensable to judges practitioners and scholars not just in Asia but worldwide
