Mythology in English Literature* Geoffrey Miles, 2002-09-11 Classical Mythology in English Literature brings together a range
of English versions of three classical myths It allows students to explore the ways in which they have been reinterpreted and
reinvented by writers throughout history Beginning with a concise introduction to the principle Greco Roman gods and
heroes the anthology then focuses on three stories Orpheus the great musician and his quest to free his wife Eurydice from
death Venus and Adonis the love goddess and the beautiful youth she loved Pygmalion the master sculptor who fell in love
with his creation Each section begins with the classical sources and ends with contemporary versions showing how each
myth has been used abused or appropriated since its origins *The poetical Works of Thomas Moore* Thomas Moore, 1870
