Patriann, Kumi-Yeboah, Alex, 2015-08-04 With rapid technological and cultural advancements the 21st century has witnessed the wide scale development of transnationalist economies which has led to the concurrent evolution of language and literacy studies expanding cross cultural approaches to literacy and communication Current language education applies new technologies and multiple modes of text to a diverse range of cultural contexts enhancing the classroom experience for multi lingual learners The Handbook of Research on Cross Cultural Approaches to Language and Literacy Development provides an authoritative exploration of cross cultural approaches to language learning through extensive research that illuminates the theoretical frameworks behind multicultural pedagogy and its myriad applications for a globalized society With its comprehensive coverage of transnational case studies trends in literacy teaching and emerging instructive technologies this handbook is an essential reference source for K 20 educators administrators in school districts English as a Second Language ESL teachers and researchers in the field of Second Language Acquisition SLA This diverse publication features comprehensive and accessible articles on the latest instructional pedagogies and strategies current empirical research on cross cultural language development and the unique challenges faced by teachers researchers and policymakers who promote cross cultural perspectives *Community Based Research in Language Policy and Planning* Nicholas

Faraclas, Ellen-Petra Kester, Eric Mijts, 2019-07-23 This volume focuses on a case where community organizing academic research and governmental responsibility were successfully mobilized and synchronized to bring about change in educational policy and practice The focus of this book is the methodology implemented and the results obtained over the course of a year long action research project on language and education in St Eustatius one of the islands of the Dutch Caribbean commissioned by the educational authorities in both St Eustatius and the European Netherlands On the island the language of instruction is Dutch however outside of the classroom most students only speak English and an English lexifier Creole The research project was set up to address the negative impact on school success of this disparity It included a community based sociolinguistic study that actively involved all of the stakeholders in the education system on the island This was complemented by a multi pronged set of research strategies including a language attitude and use survey a narrative proficiency test in depth interviews and a review of the relevant literature The resulting report and recommendations were accepted by the government which is now in the process of changing the language of instruction *The Bahamas*

International Monetary Fund. Western Hemisphere Dept., 2018-05-14 This Selected Issues paper makes the case for a rules based fiscal framework for The Bahamas and discusses its design calibration and implementation The IMF staff recommends adopting a headline deficit ceiling and a cap on current expenditure growth both calibrated to guide debt toward a suitable medium term anchor while allowing room for stabilization A headline deficit target is simpler to communicate and monitor

than a structural balance rule Such a framework would allow expanding capital spending up to the limit provided by the deficit ceiling in the event of improvements in revenue performance Moreover in line with best practices the framework should be anchored around a pre defined medium term debt target that will guide the calibration of proposed operation rules

The Modern Caribbean Economy, Volume I Nikolaos Karagiannis,Debbie A. Mohammed,2016-09-16 Caribbean economies have been faced with mounting challenges arising from the increasing pace of economic globalization The financial crisis of 2007 further exacerbated economic instability due to high foreign debt lack of competitiveness declining productivity and high unemployment and underemployment This in turn has precipitated increasing social and environmental problems including poverty inequality crime and violence and environmental degradation all of which require new perspectives and policy approaches for transformative change and sustainable development In this two volume multidisciplinary edited book *The Modern Caribbean Economy Volume I* provides scholars and practitioners with alternative theoretical perspectives and concrete policy recommendations while Volume II discusses economic industrial and social problems facing the Caribbean along with pragmatic proposals to successfully deal with these while building local resilience and enhancing institutional strength in the region
