Interactive Story Pierre Lacombe, Gabriel Feraud, Clement Riviere, 2019-12-06 Video games have become the world's largest leading cultural product. Though disputed in the past, the narrative qualities of video games have finally secured distinction in the realm of art. This is especially true for interactive games. Writing an Interactive Story will help the reader in navigating the creation process of interactive scripts in addition to discovering behind the scenes narrative choices of renowned games and will help you to harness your inner creativity. Guided by master interactive scriptwriters, the text presents its content in the form of a unique writing workshop. With interactive game writing, the player becomes the star of the work. Thanks to this method of storytelling, the morals of the game become resonant. This is because the weight of the narrative's choices and consequences rest fully upon the player. It's the ultimate narrative. Whether you are a video game enthusiast, student, or professional, discover how to create a more immersive, personalized experience than ever before and give your players the opportunity to write their own destiny through their choices. The methods, strategies, and secrets of this new art await you.
