Stancell,1996 Rap has been among America s most popular musics for over two decades now Yet for most listeners rappers
are mysterious figures shrouded behind outrageous costumes incendiary lyrics and colorful pseudonyms Rap Whoz Who
identifies rap s major stars tracing the influences of the pioneering rappers deejays promoters and composers through today
s best known artists both black and white It shows how rap as a genre bridges many musical styles and includes a variety of
social and political messages Rap has been controversial because of its content but as a musical style it has barely been
documented Rap Whoz Who closes this gap in a thoughtful and colorfully written account of the music and its stars
