Paramedic Stories Dion Siluch, 2017-04-01 Have you ever wondered what it s like to save a life The most interesting part about being a paramedic is the audience you attract The stories that I typically share will make people cry laugh get inspired get angry feel sick feel loved and educate Sometimes all at the same time There s a rule with emergency responders that is universal We are seriously messed up We ve seen it all From paranoid schizophrenic psychopaths driving 140km hr into a rock wall to a life changing incident that will make a grown man cry our range of stories are endless I ve always heard the quote hell is paved with good intentions but I didn t really understand it until working with the ambulance The more I experienced the more I learned and the more I learned the more I understood how insane our world is I m happy to say this book has inspired people to take a deeper look into what really matters How life can so quickly be taken away and the appreciation for the simple things in life can bring long lasting joy So please enjoy as I share the 12 most amazing stories that will change your life **Chasing Magic** Rachel Medhurst, An elemental witch with limited magic falls in love with a human Standard really My story is a typical one Girl meets boy drama ensues and the warlocks try to kill me Okay maybe not so typical And yet it s on point My whole life I ve been one of eight members left in the last witch coven Cursed to continually revisit the earth until all eight of us unite with our soul match in one lifetime we fight the warlocks in order to reawaken magic before the witches finally die out Antony is my hunky bodyguard assigned to me by the last witch elder When I m kidnapped by the warlocks he stops at nothing to find me even though he s in complete denial about our connection Still can t blame a guy for freaking out when he finds out that he s a witch destined to be my soul match Only time will tell if we re able to fulfil our fate or will magic fade along with my happiness paranormal romance teen ya paranormal romance teen ya romance urban fantasy fantasy witches warlocks wizards magic spells romance teen romance free **Dream Chasing** Bob

Weis, 2024-09-24 Disney experiences enthral millions of guests around the world How does it all become a reality Find out in this action packed narrative journey Dream Chasing is a recounting by author Bob Weis of four decades of creating and seeing to completion challenging projects leading teams from the top secret high tech corridors of Walt Disney Imagineering WDI to the highest levels of The Walt Disney Company Our author recounts working on and overseeing projects that took him from Anaheim California to the swampy wetlands of Central Florida and even on to Paris Washington D C Russia Tokyo Shanghai and the massive shipyards of Papenburg Germany As a former Imagineering president Bob Weis was part of the second generation of Imagineers His page turner of a story follows the path of someone who never lost his passion for

chasing big innovative dreams in spite of having to navigate over bumpy roads tied to a slew of issues and concerns grounded in design technology politics and culture to name a few just to bring an array of Disney experiences to reality Bob's drive was fueled by a belief in something Walt Disney once said It's kind of fun to do the impossible Dreams as Weis writes come from a place of infinite possibilities from a part of us that doesn't recognize limits Dreams are exciting frustrating and sometimes illusive as hard to hold on to as pixie dust like glitter falling through your fingers Sometimes they are meant to happen and they do sometimes they are meant to happen and they don't But every dream is an adventure driven by the vision and passion of teams that believe any dream worth doing is worth chasing

Money Emmanuel Mourlon-Druol,2012-07-11 A Europe Made of Money is a new history of the making of the European Monetary System EMS based on extensive archive research Emmanuel Mourlon Druol highlights two long term processes in the monetary and economic negotiations in the decade leading up to the founding of the EMS in 1979 The first is a transnational learning process involving a powerful networked European monetary elite that shaped a habit of cooperation among technocrats The second stresses the importance of the European Council which held regular meetings between heads of government beginning in 1974 giving EEC legitimacy to monetary initiatives that had previously involved semisecret and bilateral negotiations The interaction of these two features changed the EMS from a fairly trivial piece of administrative business to a tremendously important political agreement The inception of the EMS was greeted as one of the landmark achievements of regional cooperation a major leap forward in the creation of a unified Europe Yet Mourlon Druol's account stresses that the EMS is much more than a success story of financial cooperation The technical suggestions made by its architects reveal how state elites conceptualized the larger project of integration And their monetary policy became a marker for the conception of European identity The unveiling of the EMS Mourlon Druol concludes represented the convergence of material interests and symbolic identity based concerns
