## Chasing The Flying Saucers:

*Chasing the Flying Saucers* Gray Barker, Andrew Colvin, David Halperin, Rick Hilberg, 2015-01-20 In the late 1950s and early 1960s the heyday of classic saucering the most popular UFO magazine in the world was Ray Palmer's *Flying Saucers*. The most popular column in this widely distributed periodical was *Chasing the Saucers* a series authored by literary great Gray Barker. From his secret headquarters deep in the hills of West Virginia Barker scoured newspapers and wire services from all over the world bringing his fans the most up to date news on the latest UFO encounters and unusual Fortean events. At times sober and objective at other times intimate speculative and self deprecating Barker displays the full palette of his trade drawing the reader into his own unique and fascinating world the world of the saucers. As one turns these pages one learns much about what really happened in those halcyon days and what was going on behind the scenes of ufology. Barker's eye for detail and understanding of human psychology add special flair to this classic study of a true paranormal enigma. This special 2015 reprint provides in depth coverage on several famous UFO cases in many instances the first reports ever generated about them making *Chasing the Flying Saucers* an indispensable resource for today's paranormal investigator. Also featured are enlightening introductions from two of Barker's trusted friends and colleagues editor Rick Hilberg and Prof David J Halperin. A true master of suspense *UFO Magazine* One mystery delightfully studying another one Tiny Tim Responsible reportage from one of a very few privy to the secret of the saucers Commander X. A fabulous and rich blend of style and substance without which the golden age of flying saucers might never have existed. *London Monthly Journal* The Saucerian Gabriel Mckee, 2025-04-22 The strange but true biography of the colorful founder of Saucerian Books a central purveyor and promoter of flying saucer and conspiracist knowledge in the mid twentieth century Gray Barker 1925-1984 was an eccentric literary outsider filled with ideas that were out of step with the world. An author and unreliable narrator of implausible stories Barker founded and operated Saucerian Books an independent publisher of books about flying saucers and other ideas at the fringes of popular discourse. In *The Saucerian* Gabriel Mckee tells the fascinating story of Barker's West Virginia based press the unique corpus of materials it published and how office copying and self publishing techniques influenced the spread of paranormal beliefs and conspiratorial worldviews over the last century. Following the development of UFO subculture Mckee explores the life and career of a larger than life hoaxer and originator of pseudoscientific ideas. Ever an entertainer Barker established his reputation with one of the first flying saucer fanzines *The Saucerian* and with his first book the conspiratorial and sensationalistic *They Knew Too Much about Flying Saucers*. By the close of the 1950s he had established a publishing imprint that brought out some of the strangest UFO related books of the era with a particular emphasis on flying saucer contactees. Saucerian Books became a platform for those whose stories were too unusual implausible or crudely written for more mainstream publishers. Though Barker himself was a skeptic he viewed the world of occult believers as a source of ongoing entertainment. He also may have used the perceived eccentricity of flying saucer

research or ufology to obscure his homosexuality from his small town neighbors From his place on the fringes of midcentury American culture Barker left an unmatched legacy in conspiratorial concepts that have become prominent pop cultural folklore including the Men in Black the Mothman and the Philadelphia Experiment As a mastermind behind the fantastical Barker s promotional efforts were the precursor to contemporary conspiracism **Flying Saucers Over America** Gordon Arnold,2021-12-17 On June 24th 1947 a private pilot reported numerous dazzling objects rushing through the sky above Mount Rainier in Washington state It was the start of the current UFO phenomena one of the country s most perplexing and persistent mysteries Within a few weeks hundreds of sightings of flying saucers were reported to news media Surprising reports of a UFO crash in Roswell New Mexico further added to the mystery that July Since then UFOs have sparked a slew of incredible claims and speculations This is a sober and honest history of America s first major saucer craze based on many sources including previously classified government records The book cuts through decades of mystique and confusion beginning with the 1947 UFO wave and ending with the launch of Project Blue Book in 1952 Balanced and comprehensive this history provides background social context and other tools for reframing perceptions of a controversial subject

*Flying Saucers and Science* Stanton T. Friedman,2008-01-01 Explores the mysteries surrounding flying saucers through a detailed examination of scientific data collected throughout the author s forty years of research including why aliens are here and the reasons for the government s cover up of the existence of UFOs Original **Flying Saucers** Donald Edward Keyhoe,1960 **Military Encounters with Extraterrestrials** Frank Joseph,2018-09-11 The first comprehensive military history of armed confrontations between humans and extraterrestrials Includes documentation of incidents from World War I World War II the Korean War the Vietnam War the Gulf War and the ongoing hostilities in the Middle East Reveals the U S Navy s defeat in Antarctica by ETs the shoot down of flying saucers at Roswell alien sabotage of nuclear weapons in flight abductions of USAF and Soviet officers and photographic evidence of the Battle of Los Angeles Explains the link between the development of atomic bombs and ballistic missiles and the increase in extraterrestrial intervention in the 20th century Although close encounters with alien space craft are reported as far back as the reign of Pharaoh Thutmosis III in Egypt it wasn t until the 20th century that UFO sightings and extraterrestrial encounters were truly documented due to advances in technology and record keeping as well as the vast increase in incidents particularly with military forces Revealing his extensive research and the verifiable evidence he s discovered Frank Joseph presents a comprehensive military history of armed confrontations between humans and extraterrestrials in the 20th and 21st centuries He explains how with the development of atomic bombs and ballistic missiles the frequency of extraterrestrial intervention in human affairs increased dramatically He documents incidents both famous and little known including the explosive demolition of U S munitions factories in 1916 by unearthly aerial vehicles the Red Baron s dogfight with a UFO during World War I foo fighter sightings and battles with Allied and Axis combatants during World War II and eye witness reports from encounters during the Korean

War the Vietnam War the Gulf War in Iraq and the ongoing hostilities in the Middle East He examines the evidence for the shoot down of flying saucers at Roswell and Aztec New Mexico alien sabotage of nuclear weapons systems and in flight abductions of USAF and Soviet officers and airplanes He explores the photo evidence for the Battle of Los Angeles which occurred three months after Pearl Harbor and the details of Operation Highjump the U S Navy s defeat in Antarctica by ET forces 17 months after the atomic bomb was dropped on Nagasaki while also uncovering evidence of secret Antarctic German bases The author also examines recent 21st century examples of alien interdiction in Earthly affairs such as the meltdown of the Fukushima Daiichi nuclear plant in Japan and the fiery abort of Elon Musk s Falcon 9 missile launch both events accompanied by UFOs Offering complete disclosure of the multitude of ET events over the past century Frank Joseph gives us the first true reference book in the field of alien military encounters Exobiology Martin Howard Sable,1978
