Charm & Strange Stephanie Kuehn,2013-06-11 The 2014 Winner of the William C Morris Award When you ve been kept caged in the dark it s impossible to see the forest for the trees It s impossible to see anything really Not without bars In Stephanie Kuehn s brilliant debut Charm Strange Andrew Winston Winters is at war with himself He s part Win the lonely teenager exiled to a remote Vermont boarding school in the wake of a family tragedy The guy who shuts all his classmates out no matter the cost He s part Drew the angry young boy with violent impulses that control him The boy who spent a fateful long ago summer with his brother and teenage cousins only to endure a secret so monstrous it led three children to do the unthinkable Over the course of one night while stuck at a party deep in the New England woods Andrew battles both the pain of his past and the isolation of his present Before the sun rises he ll either surrender his sanity to the wild darkness inside his mind or make peace with the most elemental of truths that choosing to live can mean so much more than not dying

Ordaining Reality Joseph E. Donlan,2021-06-06 Many people believe in the power of positive thinking i e how thoughts and attitude can shape their future yet despite a plethora of books on this subject no previous author has credibly explained how mere thoughts are able to tangibly influence future events To explain the connection Dr Donlan presents a new paradigm of nature coupled with a viable explanation of how our right cerebral hemisphere has evolved circuitry that can tap into the hidden domain of the metaphysical To support this premise he exposes the reader to the worlds of physics metaphysics brain architecture and evolution Donlan then introduces the many problems

associated with the current model and contrasts it with a new view which remedies many of the issues facing theoretical physicists today Important to its central theme the book's proposed paradigm supports the remarkable notion that the future can only be created with thoughts In the final analysis the author brings his readers through the necessary steps to put this knowledge to work to help them pre ordain their own realities **T.P.'s Weekly** Thomas Power O'Connor,Holbrook
