Programming Interviews For Dummies John Sonmez, Eric Butow, 2019-09-16. Get ready for interview success. Programming jobs are on the rise, and the field is predicted to keep growing fast. Landing one of these lucrative and rewarding jobs requires more than just being a good programmer. *Programming Interviews For Dummies* explains the skills and knowledge you need to ace the programming interview. Interviews for software development jobs and other programming positions are unique. Not only must candidates demonstrate technical savvy; they must also show that they're equipped to be a productive member of programming teams and ready to start solving problems from day one. This book demystifies both sides of the process, offering tips and techniques to help candidates and interviewers alike. Prepare for the most common interview questions. Understand what employers are looking for. Develop the skills to impress non-technical interviewers. Learn how to assess candidates for programming roles. Prove that you or your new hires can be productive from day one. *Programming Interviews For Dummies* gives readers a clear view of both sides of the process, so prospective coders and interviewers alike will learn to ace the interview.

Programming Interviews Exposed, 4th Edition John Mongan, 2018. Ace technical interviews with smart preparation. *Programming Interviews Exposed* is the programmer's ideal first choice for technical interview preparation. Updated to reflect changing techniques and trends, this new fourth edition provides insider guidance on the unique interview process that today's programmers face. Online coding contests are being used to screen candidate pools of thousands; take-home projects have become commonplace, and employers are even evaluating a candidate's public code repositories at GitHub, and with competition becoming increasingly fierce, programmers need to shape themselves into the ideal candidate well in advance of the interview. This book doesn't just give you a collection of questions and answers; it walks you through the process of coming up with the solution, so you learn the skills and techniques to shine on whatever problems you're given.
