## CELPiP Writing Sample Test Task 2: Responding to Survey Questions

Read the following information.

You live in a small city. City administration is planning to allocate funds for two possible projects.

**Your City is funding ONE of the given projects: You live in a small city. City administration is planning to allocate funds for two possible projects.**

Option A: Option A: Bike Lanes: Planning to build new separate lanes for bikers

Option B: Option B: Renovate gym: Planning to add a swimming pool and spa centre in an existing gym

### Sample Answer

Even though someone feels that to have a swimming pool and spa center in the gym is a better choice, I believe, to have new dedicated lanes for bikers would be a better choice, and have more practical benefits.

To Begin, The first benefits of a separate lane for bikers is the reduction in traffic congestion. We are the citizen of a small city, and all the roads are narrow and not able to accommodate the vehicles.

So if we have a dedicated lane for bikers, we will have extra space on the road and will overcome traffic jam issues.

In addition to this, The second benefit of a dedicated lane for bikers is the reduction in accidents. Currently, both bikers and other vehicles are using the same roads, which prone to accidents. For example,

One day I was driving my car, and suddenly a biker came in front of my car. I was about to him, but luckily, I saved him.

Finally, Keeping the above reasons in mind, I believe, to have independent roads for bikers would be a better choice.

Thank You for considering me to provide my input on this survey.
