Spotlight Twitter Trending S:

Trends in Artificial Intelligence and Computer Engineering Miguel Botto-Tobar, Omar S. Gómez, Raul Rosero Miranda, Angela Díaz Cadena, Washington Luna-Encalada, 2023-02-13 This book constitutes the proceedings of the 4th International Conference on Advances in Emerging Trends and Technologies ICAETT 2022 held in Riobamba Ecuador on 26-28 October 2022 proudly organized by Facultad de Informática y Electrónica FIE at Escuela Superior Politécnica de Chimborazo and supported by GDEON ICAETT 2022 brings together top researchers and practitioners working in different domains of computer science to share their expertise and to discuss future developments and potential collaborations Presenting high quality peer reviewed papers the book discusses the following topics Artificial intelligence Communications e Learning AI for engineering applications Security Technology trends

Character Limit Kate Conger, Ryan Mac, 2024-09-17 Named a Best Book of the Year by Kirkus Reviews Riveting Character Limit offers a telling lesson in the cost of getting everything you want The Washington Post You couldn't hope for a better ringside seat on the unfolding drama Character Limit is a triumph The Guardian Masterful in how it paints a picture and puts you in the room with the famous entrepreneur Character Limit is a page turner Forbes Rising star New York Times technology reporters Kate Conger and Ryan Mac tell for the first time the full and shocking inside story of Elon Musk's unprecedented takeover of Twitter and the forty-four billion dollar deal's seismic political, social, and financial fallout The billionaire entrepreneur and Tesla CEO Elon Musk has become inextricable from the social media platform that until 2023 was known as Twitter Started in the mid 2000s as a playful microblogging platform Twitter quickly became a vital nexus of global politics, culture, and media where the retweet button could instantly catapult any idea to hundreds of millions of screens around the world unleashing raw collective emotion like nothing else before While its founder had idealistically dreamed of building a digital town square he detested Wall Street and never focused on building a profitable business Musk joined the platform in 2010 and by 2022 had become one of the site's most influential users hooking over 80 million followers with a mix of provocations, promotion of his companies, and attacks on his enemies To Musk Twitter once known for its almost absolute commitment to free speech had badly lost its way He blamed it for the proliferation of what he called the woke mind virus and claimed that the survival of democracy and the human race itself depended on the future of the site In January of 2022 Musk began secretly accumulating Twitter stock By April he was its largest shareholder and soon after made an unsolicited offer to purchase the company for the unimaginable sum of 44 billion dollars Backed into a corner Twitter's board accepted his offer but Musk quickly changed his mind forcing Twitter to sue him to close the deal in October The richest man on earth controlled one of the most powerful media platforms in the world but at what price Before long Twitter would be gone for good replaced by something radically different as Musk remade the company in his own image from the ground up The story of the showdown between Musk and Twitter and his eventual takeover of the company is unlike anything in business or media that has come

before In vivid cinematic detail Conger and Mac follow the inner workings of the company as Musk lays siege to it first from the outside as one of its most vocal users and then finally from within as a contentious and mercurial leader Musk has shared some of his version of events but Conger and Mac have uncovered the full story through exclusive interviews unreported documents and internal recordings at Twitter following the billionaire s takeover With unparalleled sources from within and around the company they provide a revelatory three dimensional and definitive account of what really happened when Musk showed up spoiling for a brawl and intent on revolution with his merciless sycophantic cadre of lawyers investors and bankers This is the defining story of our time told with uncommon style and peerless rigor In a world of viral ideas and emotion who gets to control the narrative who gets to be heard and what does power really cost Exploring Education and Democratization in South Asia Tania Saeed,Radhika Iyengar,Matthew A. Witenstein,Erik Jon Byker,2024-02-19 This volume brings together scholars practitioners activists and students to reflect on socio political transitions taking place in countries across South Asia and their implications for democracy and education It provides an important intervention for comparative education in South Asia by looking at the kind of ideological tensions that exist within the education systems and how these competing agendas are visible at different levels At a time when students have been protesting for their rights across educational institutions in South Asia where the Covid 19 pandemic has exacerbated inequalities with learning losses and job losses this collection creates a space to reflect on the limitations and possibilities of education in democracies across South Asia Social Media for Communication and Instruction in Academic Libraries Joe, Jennifer,Knight, Elisabeth,2019-03-01 The subject of the use of social media has renewed interest because of the impact that it had on the last U S presidential election and the impact that social media networks will have on subsequent elections As guides in the information world it is thus important that librarians be well versed in social media This has called attention to the relevance and urgency of incorporating social media use into the academic library both as a marketing tool and as an instruction tool Social Media for Communication and Instruction in Academic Libraries is an essential reference source that offers guidance in using social media in academic libraries and in instruction with a special emphasis on assessment and evidence based practice Featuring research on topics such as digital libraries marketing and web analytics this book is ideally designed for librarians administrators educators managers information technology specialists professionals researchers and students Millennials and Conflict in the Workplace Cynthia Pearce LeMay,2022-12-09 This book unravels the mysteries and confusion surrounding Millennials They are now the largest group in the labor force and their presence redefines the workplace for many organizations Many older workers who struggle to understand Millennials often define them by stereotypes rather than their actual attributes The historical and social events that occurred when Millennials were growing up are reviewed which can result in traits and values specific to this cohort The research behind this book explores the conflict styles of Millennials compared to Generation Xers and Baby Boomers the unique strategies they are likely to use to address conflict in the

workplace This book shares the results of interviews and focus groups providing first hand accounts from Millennials and non Millennials about their work interactions And the results from approximately 11 000 test takers of the Thomas Kilmann Conflict Mode Instrument provide fascinating findings about generational differences in conflict styles Millennials grew up with technology at their fingertips and tend to avoid conflict and seek advice from their online support groups The book will also dig into Millennials powerful use of social media and how they use it to further their causes They have a strong desire to know what s happening now and find it difficult to turn off This book explores generational differences and finds an increase in unassertive styles in Millennial males This work shares what Millennials want and value in a workplace and what employers can do to recruit and retain this valuable cohort Millennials diversity political and social engagement and the implications for the broader society are explored This research fills an important gap in the research on generational cohorts and conflict management and provides valuable information to scholars and practitioners alike **Research Anthology on**

Social Media Advertising and Building Consumer Relationships Management Association, Information Resources,2022-05-13 Social media has become a key tool that businesses must utilize in all areas of their practices to build relationships with their customer base and promote their products This technology is no longer optional as those who do not take advantage of the many benefits it offers continue to struggle with outdated practices In order for businesses to flourish further study on the advantages social media provides in the areas of marketing and developing consumer relationships is required The Research Anthology on Social Media Advertising and Building Consumer Relationships considers best practices and strategies of utilizing social media successfully throughout various business fields to promote products build relationships and maintain relevancy This book also discusses common pitfalls and challenges companies face as they attempt to create a name for themselves in the online world Covering topics such as marketing human aspects of business and branding this major reference work is crucial for managers business owners entrepreneurs researchers scholars academicians practitioners instructors and students *The Semantic Web: Trends and Challenges* Valentina

Presutti,Claudia d'Amato,Fabien Gandon,Mathieu d'Acquin,Steffen Staab,Anna Tordai,2014-05-09 This book constitutes the refereed proceedings of the 11th Extended Semantic Web Conference ESWC 2014 held in Anissaras Crete Greece France in May 2014 The 50 revised full papers presented together with three invited talks were carefully reviewed and selected from 204 submissions They are organized in topical sections on mobile sensor and semantic streams services processes and cloud computing social web and web science data management natural language processing reasoning machine learning linked open data cognition and semantic web vocabularies schemas ontologies The book also includes 11 papers presented at the PhD Symposium **Transformational Professional Learning** Deborah M. Netolicky,2019-08-09 Emerging from an education world that sees professional learning as a tool to positively shape teaching practice in order to improve student learning Transformational Professional Learning elucidates professional learning that is transformational for teachers school

leaders and schools Written from the unique pracademic perspective of an author who is herself a practising teacher school leader and researcher this book articulates the why and the what of professional learning It acts as a bridge between research and practice by weaving scholarly literature together with the lived experience of the author and with the voices of those working in schools It covers topics from conferences coaching and collaboration to teacher standards and leadership of professional learning This book questions the ways in which professional learning is often wielded in educational settings and shows where teachers school leaders system leaders and researchers can best invest their time and resources in order to support and develop the individuals teams and cultures in schools It will be of great interest to teachers leaders within schools staff responsible for professional learning in school contexts professional learning consultants professional learning providers and education researchers
