

THE ENTREPRENEUR'S GUIDE TO PRODUCTIVITY

A 5-STEP DAY PLANNER

Focus on "output" rather than "activity" or "time".
You can check the box, but measure the results.
You only measure progress when you move to goals,
prioritize, communicate priorities, and continue to
prioritize, communicate priorities, and continue to

do... that's the most you'll feel like doing day-to-day.
You can't do it all, but you can do more. You can't do
it all, but you can do more.

right priorities.

1. **Set your goals.** You can't measure progress
without goals. Set them, write them down,
prioritize them, and communicate them
to your team.
2. **Communicate priorities.** You can't measure
progress without priorities. Set them, write
them down, prioritize them, and communicate
them to your team.
3. **Focus on output.** You can't measure
progress without output. Set them, write
them down, prioritize them, and communicate
them to your team.

STEP 3

FOCUS ON RESULTS.

As many entrepreneurs work to grow their business, the idea of success is often
overlooked. Each business is in fact capable of many, many different kinds of success.
Entrepreneurship is a way to grow, to build, to create, to innovate, and to achieve more.

Key focus areas:

The four key focus areas for success in your business are:
1. Time and effort: Measuring output and progress, prioritizing tasks,
communicating priorities, and communicating output. This includes
prioritizing tasks, setting goals, writing them down, communicating them
to your team, and measuring output.

The Pareto principle, or 80/20 rule, is based on the idea of greater efficiency
and less waste by getting more of the results with less of the input. This principle of the
economy and business is often used by entrepreneurs to focus their efforts on most
productive areas of their business to achieve the greatest return on investment.

As entrepreneurs, we all know you. You're always your greatest strength for your business.
