

ASKING SOME QUESTIONS IN CLASS

Can you help me, please?

I need to sharpen my pencil. Have you got a sharpener?

Can I clean the blackboard, miss?

Could you explain that again, please?

I'm thirsty. Can I go to drink some water?

Hello, teacher, How are you today?

May I see the meaning of this word in the dictionary?

What page is the exercise on?

Could you tell me the time, please? I have to take some medicine.

Can you copy the result of the problem on the board, please?

Can I sit down, please?

Could you help me to finish this exercise, please?

Would you correct my homework this afternoon?

I can't see the blackboard from my place. May I sit in the first row?

Can my mom come to talk to you tomorrow?

 Wiemeyer,2013-10-24 When the 1st German Inverted Classroom Conference was staged in 2012 the organizers thought that
 it may have been the first and last conference of this kind Too few teachers seemed to be familiar with this model in the first
 place and only a tiny fragment of them would actually apply this model to their own teaching scenarios However in the 2013
 conference we were overwhelmed with a large number of teachers who not only wanted to find out about this teaching and
 learning concept but had already used it Consequently the focus of the 2nd German Inverted Classroom Conference to which
 this conference volume is dedicated was no longer the installation of the Inverted Classroom Model ICM but fine adjustments
 in the actual application of it This is reflected in the contributions to this volume Even though all three central aspects of the
 ICM are addressed 1 content production and delivery 2 testing and 3 the in class phase there has been a shift away from
 mere content production towards an expansion of the model as well as a move towards fine adjustments of the three
