

3 Life-Changing Realizations

There are 3 profound realizations I've had on my journey that changed my life dramatically for the better.

I'm giving you those 3 x FUNDAMENTAL LIFE CHANGING REALIZATIONS here in this guide.

Please take each of the 3 messages and consider them closely, because they can (if you're willing) have the same powerfully positive impact in your life as they did in mine, and in so many other people's lives in our community!

Now, let's dive in with #1 below...

♥ FUNDAMENTAL LIFE CHANGING REALIZATION #1

No one sees life like you do. No one thinks like you do. No one hears the world like you do...

There is no one else who experiences life the same way as you, according to your "model of reality".

In fact, there is NO single version of reality, because everyone is experiencing life through their own unique paradigm.

Your paradigm is entirely based on what you believe, and how you perceive, filter and interpret life according to those beliefs.

Your paradigm is like a pair of tinted glasses you wear, which changes "what is" into what you accept as life.

Sometimes that works for you, and you perceive/interpret positively and you feel great.

Other times that does not work for you AT ALL. You perceive/interpret in a way that creates negative thought patterns, difficult emotions and behavior/actions that aren't helping you live the way you want to.

This can keep you stuck in patterns that hold you back and can limit your inner peace and happiness.

Changing Realizations 2

Frédéric Louis Godet

Changing Realizations 2:

Advances in Software Engineering Techniques Tomasz Szmuc, Marcin Szpyrka, Jaroslav Zendulka, 2012-04-24 This book constitutes the thoroughly refereed post conference proceedings of the 4th IFIP TC2 Central and East European Conference on Software Engineering Techniques CEE SET 2009 held in Krakow Poland in October 2009 The 19 revised full papers presented were carefully reviewed and selected from 63 submissions The papers are organized in topical sections on software architectures and development modelling and formal methods in software development measurements testing and quality of software Analysis for Power Quality Monitoring Juan-José González de la Rosa, Manuel Pérez Donsión, 2020-05-22 We are immersed in the so called digital energy network continuously introducing new technological advances for a better way of life Numerous emerging words are in the spotlight namely Internet of Things IoT Big Data Smart Cities Smart Grid Industry 4 0 etc To achieve this formidable goal systems should work more efficiently and this fact inevitably leads to power quality PQ assurance Apart from its economic losses a bad PQ implies serious risks for machines and consequently for people Many researchers are endeavoring to develop new analysis techniques instruments measurement methods and new indices and norms that match and fulfil the requirements regarding the current operation of the electrical network This book offers a compilation of the some recent advances in this field The chapters range from computing issues to technological implementations going through event detection strategies and new indices and measurement methods that contribute significantly to the advancement of PQ analysis Experiments have been developed within the frames of research units and projects and deal with real data from industry and public buildings Human beings have an unavoidable commitment with sustainability which implies adapting PQ monitoring techniques to our dynamic world defining a digital and smart concept of quality for electricity General Series National Bureau of Economic Research, 1978 *Treasury Bulletin* , 1988 **An Analysis of Certain Outcomes in the Teaching of Physics in Public High Schools** , 1927 *book II.
