

1. Proteins.

a. What is a protein?

- A protein is made up of genes and has DNA in it. Proteins are made up of amino acids, which are told by the DNA how to look/feel, and based on how the amino acid is shaped, the protein will be a certain way.

b. List three examples of proteins found in your body.

- Enzymes, insulin, and keratin.

c. Explain the relationship between genes and proteins.

- Genes make up proteins. Genes have nucleotides in them, which code for certain traits. Therefore, the genes inside proteins encode them to be a certain way or do a certain thing. They're both inside cells (the genes and proteins).

2. Using your own words, describe cloning.

- Cloning is, in my words, taking the crucial aspects and appearance of one thing and directly translating it to another, identical where it matters, object.

3. Describe how the bacterial cloned cells on your LB/amp plate differ from the cells on your LB/amp/ara plate. Can you design an experiment to show that both plates of cloned cells behave similarly and do contain the same DNA?

- The cells on the LB/amp plate have not had arabinose added yet, so the pGLO gene is not expressed. The cells on the LB/amp/ara plate have arabinose, and therefore have that gene expressed. You could do an experiment and add arabinose to the LB/amp plate, and it'd behave the same way as the LB/amp/ara plate. Vice versa, you could take away the arabinose from the second plate.

4. Describe how you might recover the cancer-curing protein from the bacterial cells.

- You'd use purification methods like in this unit (fermentation, recovery, purification).

1. What is a bacterial colony?

- A bacterial colony is a smattering of several bacteria growing close together in an attempt to be stronger, etc. They're all the same bacteria/organisms.

2. Why did you pick one green colony and one white colony from your agar plate(s)? Why do you think you picked one of each color? What could this prove?

- One of each color could prove that cloning the cells does actually work and it doesn't affect the GFP inside the colony.

3. How are these items helpful in this cloning experiment?

a. ultraviolet (UV) light

- The light shows which colony has the GFP, and so you can pick out those colonies when needed.

b. incubator

- The incubator lets the cells grow with the nutrient broth.

c. shaking incubator

Carolina Transformation Lab Answers Introduction

In the digital age, access to information has become easier than ever before. The ability to download Carolina Transformation Lab Answers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Carolina Transformation Lab Answers has opened up a world of possibilities. Downloading Carolina Transformation Lab Answers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Carolina Transformation Lab Answers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Carolina Transformation Lab Answers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Carolina Transformation Lab Answers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Carolina Transformation Lab Answers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in

unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Carolina Transformation Lab Answers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
