Chapter 11 The Income statement, The Statement of Comprehensive Income, and The Statement of Stockholders Equity

Chapter 12 Statement of Cash Flow

Chapter 13 Financial statement Analysis

Financial Accounting, 8th Edition

Chapter 11 Term	Explain
Channel stuffing	a type of financial statement fraud that is accomplished by shipping more to customers (usually around the end of the year) than they ordered, with the expectation that they may return some or all of it. the objective is to record more revenue than the company has actually earned with legitimate sale and shipments.
Clean opinion	an unqualified opinion
comprehensive income	a company's change in total stockholders' equity from all sources other than from the owners of the business
earnings per share	amount of a company's net income per share of its outstanding common stock. To calculate earnings per share, take a company's net income and subtract from that preferred dividend. Then divide that amount by the average number of outstanding common shares.
earnings quality	the characteristics of an earnings number that make it most useful for decision making. the degree to which earnings are an accurate reflection of underlying economic events for both revenues and expenses, and the extent to which earnings from a company's core operations are improving over time. Assuming that revenues and expenses are measured accurately, high quality earnings are reflected in steadily improving sales and steadily declining costs over time so that income from continuing operations follows a high and improving pattern over time.
extraordinary gains and losses	Extraordinary gains or losses are economic events coming from continuing operations that are both infrequent and unusual. In other words, these
