Close Call Mark Loring Wheeler:

Close Call Mark Loring Wheeler, 2015-11-30 Have you ever had a harrowing or nerve wracking experience and then thought to yourself when it was all over Whew That was a close call Sure you have We all have Close calls happen every day to people just like you and me But think for a moment Have you ever wondered why Have you chosen to view these events as divine orchestrations over time or have you simply dismissed them as random isolated occurrences Did you think to thank God when you were eventually spared or when a disaster threatening the safety or welfare of others was averted I mean really thank God Did you say with conviction in your heart Thanks be to God or merely blurt out with a sigh of relief Thank God thats over Or were you so wrapped up in the excitement of the event that you never even considered Gods involvement For many of us the latter hits the nail on the head We narrowly escape breathe sighs of relief consider ourselves lucky and press on Rarely if ever do we seem to view the close calls in our lives as divinely orchestrated providential experiences with specific purposes and eternal implications In this deeply personal and down to earth book Mark Loring Wheeler through a series of incredibly vivid and sometimes heart wrenching accounts of amazing close calls makes a compelling case that the events in our lives are not just random occurrences but rather divinely orchestrated experiences through which God reshapes and prepares us for a much greater purpose The Atlanta Campaign, 1864: Sherman's Campaign to the Outskirts of

Atlanta David A. Powell, 2024-04-04 A fully illustrated narrative of the Atlanta campaign complete with maps illustrations and diagrams The campaign for Atlanta was pivotal to the outcome of the American Civil War Roughly 190 000 men waged war across northern Georgia in a struggle that lasted 133 days Today a national park at Kennesaw commemorates this titanic fight and there are a surprising number of physical reminders still extant across the state The struggle for Atlanta divides naturally into two stages The first half of the campaign from May to mid July can be defined as a war of maneuver called by one historian the Red Clay Minuet Under Joseph E Johnston the Confederate Army of Tennessee repeatedly invited battle from strong defensive positions Under William T Sherman the combined Federal armies of the Cumberland the Tennessee and the Ohio repeatedly avoided attacking those positions Sherman preferring to outflank them instead Though there were a number of sharp bloody engagements during this phase of the campaign the combats were limited Only the battles of Resaca and Kennesaw Mountain could be considered general engagements Johnston s repeated retreats and the commensurate loss of terrain finally forced Confederate President Jefferson Davis to replace him with a more aggressive commander John B Hood This work will portray the first half of the Atlanta Campaign in text and images using both historic sketches and photographs as well as post war and modern images Extant trenches rifle pits redoubts shoupades and other works as well as the battlefields will be covered as well as surviving historic structures and the monuments and cemeteries that commemorate the campaign *History of Middlesex County, Massachusetts* Duane Hamilton Hurd, 1890 **The Canadian Patent Office record and register of copyrights and trade marks** ,1878 *The Pacific Coast Musician* ,1930 **Southern Cultivator**
