Rogues in the House Robert E. Howard, 2015-02-12 This early work by Robert E Howard was originally published in 1934 and we are now republishing it with a brand new introductory biography Rogues in the House is a story in the Conan series where he becomes embroiled in a battle between two men who are attempting to rule over a city Robert Ervin Howard was born in Peaster Texas in 1906 During his youth his family moved between a variety of Texan boomtowns and Howard a bookish and somewhat introverted child was steeped in the violent myths and legends of the Old South At fifteen Howard began to read the pulp magazines of the day and to write more seriously The December 1922 issue of his high school newspaper featured two of his stories Golden Hope Christmas and West is West In 1924 he sold his first piece a short caveman tale titled Spear and Fang for 16 to the not yet famous Weird Tales magazine Howard's most famous character Conan the Cimmerian was a barbarian turned King during the Hyborian Age a mythical period of some 12 000 years ago Conan featured in seventeen Weird Tales stories between 1933 and 1936 which is why Howard is now regarded as having spawned the sword and sorcery genre The Conan stories have since been adapted many times most famously in the series of films starring Arnold Schwarzenegger

**The Complete Works of Robert E. Howard** Robert E. Howard, 2022 **Robert E. Howard's Conan the Cimmerian Barbarian** Robert E. Howard, Finn J. D. John, 2017-06 This 860 page collection contains all of Robert E Howard's Conan the Cimmerian stories published during his lifetime contextualized with biographical details of their author The hardcover a Multimedia Bundle Edition includes the e book and audiobook editions as downloadable bonus content Excerpt from Introduction When the first Conan of Cimmeria story appeared in the pages of Weird Tales magazine in December 1932 nothing quite like it had ever before appeared in print Author Robert E Howard had been writing stories broadly similar to it for half a decade but it was with Conan and the Hyborian Age storyworld in which he was placed that Howard finally fully doped out the sub genre that would become known as sword and sorcery of which Howard is today considered the founding father Conan's origins date back to an experiment in 1926 titled The Shadow Kingdom featuring the character Kull exile of Atlantis The idea Howard's great innovation was at its core historical fiction set in a pre historical period That pre historical period being of course lost in the mists of time could contain anything Howard

might like to include evil races of sentient snake things sorcerers undead creatures demons walking upon the earth anything In other words Howard was creating a secular mythology And as with any mythology secular or no there would be a hero a Ulysses or a Theseus an exceptional man of legend striding through that myth world sword in hand righting wrongs and slaying supernatural monsters and along the way providing metaphorical insight onto his world and ours At the same time he was finding success with another historical fiction fusion innovation The grim savage English Puritan Solomon Kane Kane's world was the skull strewn chaos of Europe and north Africa during the Thirty Years War in the early 1600s Little enough is known about specific events during that dark time that it was possible to take historical liberties with it as a storyworld so that it could accommodate dark magic walking skeletons vampires magic staffs and of course N Longa the witch doctor Howard quickly realized he was onto something with Solomon Kane The first Solomon Kane story Red Shadows appeared in August 1928 in Weird Tales and readers loved it Here was a dark brooding world of menace and witchcraft connected pseudo genealogically to their own It was easy for readers to take the ride to suspend their disbelief and envision Kane's adventures as a part of the real world But perhaps the connection with the real world was too close The countries of 1630s Europe are well known the causes of the conflict fully understood There was only so much Howard could do in Solomon Kane's world Moreover Solomon Kane is just a hard character to root for Unlike Kull he is not to put too fine a point on it really not a sane man So it makes perfect sense that after the shadowy prehistoric world of Kull and the dark necromantic world of Solomon Kane Howard would combine these two precursors to develop a world that was far enough into the distant past to be free of actual historical constraints like Kull's yet close enough to the present to still exist as echoes and legends in the world's mythologies And so Howard created The Hyborian Age circa 10 000 B C And to play the role of our avatar as we explore this shadowy almost historical world he gave us Conan the Cimmerian to tread the jeweled thrones of the Earth under his sandalled feet
