**How to Publish A Book on Lulu** Bob Hannam, 2010-09-29 This book collects together and identifies some problems I had in publishing a book online with Lulu and how I overcame them. These problems seemed to be common questions on forums and relate to embedding fonts, text editor, manuscript, layout, font selection, creating covers, uploading and keeping hyperlinks active. As a novice author I spent many hours researching and solving the problems I had and so documented them for my own use and for others. If this saves you just a little time in your publishing project you will appreciate the value of this book.
